ELEMENTARY TEACHERS' and LEARNERS' ACADEMIC GUIDE

PREFACE

Dear Louisian:

Welcome to the University of Saint Louis, our school. Welcome to school year 2020-2021.

In the midst of COVID-19, the University of Saint Louis has embarked on Flexible Learning System across all levels. This system allows you to learn in your own pace, place, time and characteristics. The Elementary Department has adopted three modalities:1) Blended Learning-combination of Online Learning (both synchronous and asynchronous) and Face-to-face (subject to IATF and USL regulations) 2) Full Online Learning-both synchronous and asynchronous and 3) Correspondence Modality 1- Modular-in print for pick up or courier. **Please be informed that your choice of modality has to be maintained for the whole school year.**

We are sending you this Academic Guide to help you prepare for the new school year in the New Normal as it contains the specific policies and instructions about how you will go through your lessons and other concerns. Consider proper decorum as you go through your lessons every day or every week.

Please be further informed that everybody shall be covered by the policies of the University as contained in the Manuals, hence we expect you to follow the same as in normal condition.

Specific concerns and or feedback about your experiences for this school year can be channeled to the appropriate persons and offices, and not in social media.

Together, as a Louisian Community, may we continue to PRAY as one, HEAL as one, STUDY as one towards MISSIO et EXCELLENTIA (Mission and Excellence).

EMMANUEL JAMES P. PATTAGUAN, Ph.D.
Vice-President for Academics

In view of the implementation of the Flexible Learning, please be guided of the following:

Learning Modality

1. Flexible Learning will be utilized. This means that all possible learning modalities within the capability of the learner and their parents, and the faculty and the school will be employed. This includes blended learning that begins with online learning and when feasible, based on government regulations, will culminate with traditional or face-to-face mode. The online learning will utilize the NEO-LMS Platform that allows convenience for both teachers and students, in that all teaching and learning activities will be done in the said platform. Those who will not be able to gain access to the Online Learning Platform will be assisted through Correspondence Learning in Print format or modules.
2. A. For Online and Blended Learning, submission of learning tasks by the faculty to the Subject Area Coordinator is every Friday of the preceding week, not later than 4: 00 P.M. Learning tasks should be limited to one (1) per week, subject to the review and endorsement of the Subject Area Coordinator and approval of the Principal.

   B. For Correspondence Learning, submission of two- week lessons, resources, and learning tasks to the Area Coordinator is every second Monday of the two weeks not later than 12:00 noon. Learning tasks should cover 2 weeks subject to the review and endorsement of the Program Chair and approval of the Dean.
3. A. For Online and Blended Learning, uploading of approved weekly lessons, resources, and learning tasks by the faculty member is every Monday of the week. Learning content and tasks uploaded must be friendly and as if the teacher is present, and that the teacher is available for students' queries.

   B. For Correspondence Learning, distribution of the two-week lessons, resources and learning tasks by the faculty member is every first Monday of the 2 weeks' period.
4. Completed weekly learning tasks are due as follows:

   A. For Online and Blended learning, every Friday not later than the last period in the afternoon

   B. For Correspondence Learning, on the day of the pickup of the next modules
5. For Online and Blended Learning, Subjects needing in-depth explanation and discussion may be delivered by the faculty member through slideshow with narration, video recording, Zoom, Google Meet and the like. Moreover, if government regulations allow, face-to-face modality for complex subjects will be held, subject to IATF protocols.

6. Written works such as quizzes shall be done synchronously (real-time based on the class schedules provided), and the rest of the learning tasks/activities shall be done asynchronously on a weekly basis.

Schedule of Uploading Activity Sheets/Written Works

Subject Area	Schedule
English & Foreign Language	Monday
Christian Living & Science	Tuesday
Filipino , Mother Tongue (1-3) Filipino & TLE 4-6)	Wednesday
Araling Panlipunan & Mathematics	Thursday

7. Periodic examinations shall be done online synchronously for all modalities, but if government regulations allow, face-to-face shall be employed and is subject to IATF protocol.

Student Compliance

1. Inactivity or non-compliance of pupils shall be reported by the subject teachers to the advisers for follow up
   * Inactivity means no log-in the LMS account for the entire week (Monday to Friday)
   * Non-compliance means non-submission of learning task after the deadline.
2. Parents are expected to assist their children in ensuring the smooth flow of the online learning. All queries/problems about the online learning should be sent in writing through email, messenger, or text messages to the appropriate offices: Teachers, LMS Coordinator, Subject Area Coordinators, Elementary Principal and the VP for Academics and not on the social media.

Special Exams

1. In case a pupil cannot make it to a scheduled quiz or periodic examination, he/she shall inform the adviser of the reason so that a special exam can be given a week after the examination. Failure to do so, shall mean zero for that particular examination. (Please refer to the Pupil's Handbook 2019 on special examinations, quizzes, and seat works p. 30)

Grading System

1. Grading System shall be based on the DepEd Order no.8 s. 2015.
   - The learning outcomes are defined by level: written works, performance task, and quarterly assessment. The levels shall be the outcomes reflected in the class record and shall be given corresponding percentage weights as follows:

	COMPONENTS	LANGUAGE	AP	CL	SCIENCE	MATH	MAPEH	EPP/TLE
Kinder to Grade 6	Written Works	30%			40%		20%

SAFE BEHAVIOR ONLINE

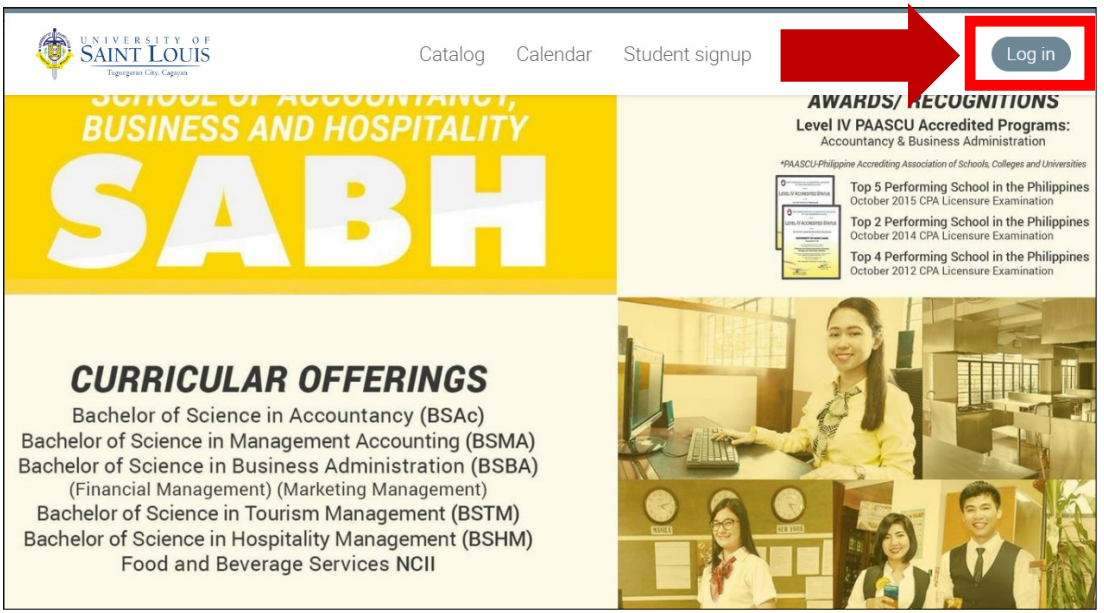

In the course of the teaching and learning in USL in this new Normal, please read this material before going through your lessons

- **Communicate appropriately.** Use the right language for your audience. You might write or speak to a co-teacher differently from a friend or a student. And never use all caps!
- **Keep private things private.** Don't share personal information, including passwords, your home address, inappropriate images, and gossip.
- **Respect others.** Be courteous. Disagree politely.
- **Don't lie, steal, or cheat.** Don't try to deceive others. Remember to give credit where it is needed. And, although it's easy to copy others' work, download things without permission, or use game cheat codes, don't do it.
- **Report misbehavior to appropriate authority.** The Internet is a giant community, and you can help it to be a nice place.
- **Follow your family's rules.** If your parent tells you to avoid certain websites or to stop texting after a certain time, listen. The more you act responsibly, the more privileges you'll get.
- **Think before you post, text, or share.** Consider how you and others might feel after you've posted something. It's not always easy to take back what you've said online, and your online behavior can create a lasting footprint.
