SENIOR HIGH SCHOOL TEACHERS' and LEARNERS' ACADEMIC GUIDE

PREFACE

Dear Louisian:

Welcome to the University of Saint Louis Tuguegarao, our school. Welcome to school year 2020-2021.

In the midst of COVID-19, the University of Saint Louis has embarked on Flexible Learning System across all levels. The said system allows you to learn in your own pace, place, time and characteristics. The College Department has adopted four modalities, under this flexible learning system as: 1) Blended Learning-combination of Online Learning (both synchronous and asynchronous) and Face-to-face (subject to IATF and USL regulations) 2) Full Online Learning-both synchronous and asynchronous, 3) Correspondence Modality 1- Modular-in print for pick up or courier and 4) Correspondence Modality 2-Modular in soft copies (for pick up using flasks drives). **Please be informed that your choice of modality has to be maintained for the whole semester.**

We are sending you this Academic Guide to help you prepare and survive the new school year in the New Normal as it contains the specific policies and instructions about how you will go through your lessons and other concerns. Consider proper decorum as you go through your lessons every day or every week.

Please be further informed that everybody shall be covered by the policies of the University as contained in the Manuals, hence we expect you to follow the same as in normal condition.

Specific concerns and or feedback about your experiences for this school year can be channeled to the appropriate persons and offices, and not in social media.

Together, as a Louisian Community, may we continue to PRAY as one, HEAL as one, and STUDY as one towards MISSIO ET EXCELLENTIA (Mission and Excellence).

EMMANUEL JAMES P. PATTAGUAN, Ph.D.
Vice-President for Academics

In view of the implementation of the Flexible Learning, please be guided of the following:

1. **Descriptions of the Modalities**
   Flexible Learning will be utilized. This means that all possible learning modalities within the capability of the learner and their parents, and the faculty and the school will be employed. This includes Blended Learning that begins with online learning and when feasible, based on government regulations, will be with traditional or face-to-face mode. The Online Learning will utilize the NEO-LMS Platform that allows convenience for both teachers and students, in that all teaching and learning activities will be done in the said platform. Those who will not be able to gain access to the Online Learning Platform will be assisted through Correspondence Learning Modalities, in print or soft copy/flask drive where the latter will mean parents come to school to get the lessons/modules every two weeks.

2. **Submission of Lessons/Resources and Learning Tasks for Approval**
   A. Online and Blended Learning
   Every faculty member must submit lessons, resources, and learning tasks to the Subject Area Coordinator every Friday of the preceding week, not later than 12:00 noon, or earlier for approval. Learning tasks should be limited to one (1) per week, subject to the review and endorsement of the Subject Area Coordinator and approval of the Principal.
   B. Correspondence Learning
   Every faculty member must submit a two- week lessons, resources, and learning tasks to the Subject Area Coordinator is every second Monday of the two weeks not later than 12:00 noon for approval. Learning tasks should cover 2 weeks subject to the review and endorsement of the Subject Area Coordinator and approval of the Principal.

SAFE BEHAVIOR ONLINE

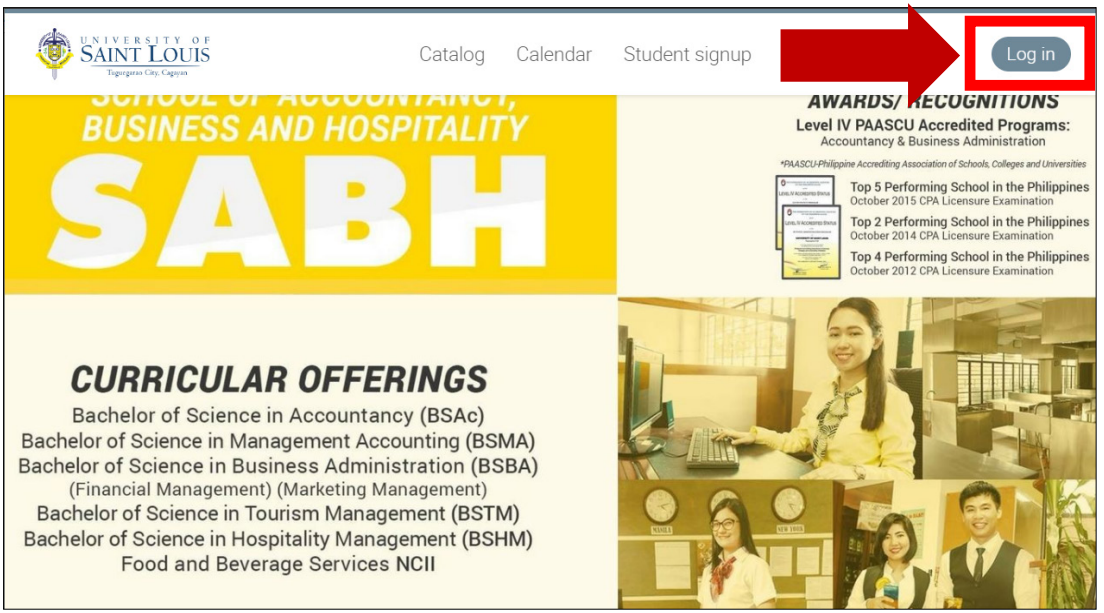

In the course of the teaching and learning in USL in this new Normal, please read this material before going through your lessons

- **Communicate appropriately.** Use the right language for your audience. You might write or speak to a co-teacher differently from a friend or a student. And never use all caps!
- **Keep private things private.** Don't share personal information, including passwords, your home address, inappropriate images, and gossip.
- **Respect others.** Be courteous. Disagree politely.
- **Don't lie, steal, or cheat.** Don't try to deceive others. Remember to give credit where it is needed. And, although it's easy to copy others' work, download things without permission, or use game cheat codes, don't do it.
- **Report misbehavior to appropriate authority.** The Internet is a giant community, and you can help it to be a nice place.
- **Follow your family's rules.** If your parent tells you to avoid certain websites or to stop texting after a certain time, listen. The more you act responsibly, the more privileges you'll get.
- **Think before you post, text, or share.** Consider how you and others might feel after you've posted something. It's not always easy to take back what you've said online, and your online behavior can create a lasting footprint.
