UNIVERSITY OF SAINT LOUIS TUGUEGARAO

A. SAINT LOUIS GONZAGA: The School Patron Saint

(March 9, 1568 – June 21, 1591)

Louis (Luigi, Aloysius) Gonzaga was born in Northern Italy to a rich family of nobility and was educated at the princely court of the famous Medici in Florence. At the age of 14, he joined a royal suite traveling to Spain, where he spent three years as a court page to James, son of King Philip II (after whom the Philippines was named).

As a young man, he faced the dilemma of whether to follow the excessive worldliness of the royal courts of his time or to strive for higher values. He decided to become a priest. Although his mother was happy, his father vehemently objected since his entry in a top religious order involved the royal inheritance and nobility of his family. Louis renounced all his rights to the family title and properties and entered the Jesuit novitiate in 1585. He was a competent student and highly regarded for his virtues of charity, humility, and chastity.

During the last year of his studies for the priesthood, a plague broke out in Rome. Louis offered himself for the service of the sick, and while caring for the victims, he himself contracted a malignant infection, which caused his death after three months of intense suffering. Scarcely anything remained of his exhausted body except skin and bones and cruel sores. Yet, he remained cheerful and patient to the end.

For his extra-ordinary signs of heroism in the love of God and fellowmen, he was canonized in 1726 and three years later declared to be the heavenly patron of all Catholic youth, especially those engaged in studies.

Our institution, like many others all over the world, adopted St. Louis, this great young man, as a patron and model for students.

The feast of St. Louis Gonzaga is celebrated on June 21.

B. A BRIEF HISTORY OF UNIVERSITY OF SAINT LOUIS TUGUEGARAO

The University of Saint Louis Tuguegarao traces its roots to a school started by Msgr. Constant Jurgens, CICM, D.D., Dutch by nationality, a CICM missionary, great educator, and then Bishop of the Diocese of Tuguegarao.

Cagayan Valley Atheneum

A few years before the outbreak of the Second World War, Msgr. Jurgens founded the Cagayan Valley Atheneum as a diocesan school for boys. Rev. Fr. Oscar Deltour, CICM was its first rector. Cagayan Valley Atheneum stood from 1938 to 1946. It was set up at the compound of St. Peter's Cathedral. Later, it was transferred to a different lot located in Ugac, bought from the Tabacalera by Msgr. Jurgens with his own missionary fund.

Ateneo de Tuguegarao

The war had destroyed the Cagayan Valley Atheneum buildings and Msgr. Jurgens was confined at the concentration camp during the Japanese occupation. Like many CICM Missionaries, Msgr. Jurgens had also suffered in concentration camps and evacuation centers and came out a very sick man. He called on the Jesuit Fathers (Society of Jesus) to take over the administration of the school. It was agreed that he would transfer ownership of the land to the Jesuits provided that they would build therein a residence and school complete with equipment. The school was named Ateneo de Tuguegarao and offered high school and two college courses: Commerce and A.B. Pre-Law. In 1962, the Jesuit Fathers left Tuguegarao and closed the Ateneo de Tuguegarao.

Saint Louis College of Tuguegarao

On January 6, 1965, the Bishop of Tuguegarao, His Excellency Msgr. Teodulfo S. Domingo, wrote the Provincial Superior of the Congregation of the Immaculate Heart of Mary, the Very Rev. Charles Pieters, and requested him to open a Catholic school for boys in Tuguegarao. The impetus of this request was the appeal of many Catholic parents for Catholic education for their boys in Tuguegarao.

With the approval of the CICM Superior General, Fr. Charles Pieters responded in January 1965, accepting the appeal. Preparations were made for the coming school year, and a four-room emergency building was put up since at that time, the students from Saint Paul College (SPC) were occupying the high school buildings of the Ateneo after SPC was gutted by fire in January 1965.

In June 1965, Saint Louis School opened its portals to 138 boys, accommodated in two (2) sections for the first year and one section for the second year. Fr. George Hantson, CICM was the first rector.

In 1968, its College Department opened with four courses: B.S. Civil Engineering, B.S. Commerce, Liberal Arts, and Junior Secretarial Course with 236 students. During that year, the school was renamed Saint Louis College of Tuguegarao (SLCT). In 1971, its High School

Department offered its science curriculum and started admitting girls. In 1977, its Graduate School opened with the program Master in Public Administration.

In the years that followed, SLCT opened new courses at the collegiate level: BS in Architecture, BS in Geodetic Engineering, BS in Electrical Engineering, BS in Electronics and Communications Engineering, BS in Computer Engineering, BS in Accountancy (separated from BS Commerce), Computer Secretarial Course, BS in Computer Science, Bachelor in Secondary Education, and Bachelor in Elementary Education.

Kinder I and Kinder II were opened in 1997. The Elementary Department started Grade I in 1998. True to its mission of providing the marginalized sector of society with access to quality education, the school also opened in 1998 the Learning Center for Hearing-Impaired Children, later called the Dinggin Ka Learning Center (DKLC), a school for speech- and hearing-impaired pupils.

To address the need for highly qualified manpower resources in the global community, on April 1, 2002, SLCT formally opened its Center for Technical and Entrepreneurial Development (CTED) with associate courses in Hotel and Restaurant Management, Network Technology, Computer Secretarial, Electrical and Electronics Technology.

After a few decades, SLCT became a college serving young people in preparatory school, elementary school, secondary school, college, and graduate school. The years 1998-2001 were years devoted to the pursuance of a change of the school charter from a college to a university.

University of Saint Louis Tuguegarao

On May 20, 2002, the Commission on Higher Education (CHED) finally granted the school its new charter. Hence, the old Saint Louis College of Tuguegarao is now the University of Saint Louis Tuguegarao (USLT). The installation of the first University President, Engr. Rosalinda P. Valdepeñas, Ph.D., was on August 8, 2002.

In that same year, prior to the grant of university status, SLCT was one of the first thirty (30) private higher education institutions (HEIs) in the Philippines granted full autonomy by CHED from 2002-2007. This autonomous status has been consistently maintained to date.

During the period of the grant of full autonomy, other collegiate programs were offered, which include BS in Nursing (SY 2004-2005); BS in Tourism and BS in Information Science (SY 2007-2008); BS in Hotel and Restaurant Management (SY 2009-2010); BS in Library and Information Science and BS in Interior Design (SY 2009-2010); BS in Medical Laboratory Science (Medical Technology) and BS in Pharmacy (SY 2012-2013); and BS in Management Accounting and BS in Accounting Technology (SY 2014-2015).

April 2012 marked another milestone in the history of USLT when the Philippine Accrediting Association of Schools, Colleges and Universities (PAASCU) granted Level IV Accredited Status to six (6) of USLT's curricular programs: Accountancy, Business Administration, Civil Engineering, Liberal Arts, Elementary Teacher Education, and Secondary Teacher Education. USLT is the first and only school in Region 02 granted such status and one of the few in the entire country.

for its long tradition of exemplary accomplishments in the areas of instruction, research, community service and high performance of its graduates in licensure examinations; for the laudable practices leading to internal efficiency and external productivity; for its meritorious record of excellence as evidenced by the high level of program accreditation and effective internal quality assurance mechanisms.
This status is effective until November 2018.
Given this 29th day of January 2015.

The K to 12 Basic Education Curriculum was implemented effective school year 2012-2013. In May 2013, the High School Department was granted, for the third time, a five-year Level II Re-Accredited Status from 2013-2018.

In May 2013, during the celebration of the 11th year of USLT as a university, the USLT Endowment Fund was launched. The fund drive aims to pool donations to support special scholarships and professorial chairs.

As a testimony of its long tradition of excellence and quality, USLT was bestowed with an International Platinum Award for Excellence and Business Prestige on May 26, 2014, in New York, USA.

In January 2015, the Level IV programs were granted Level IV Re-Accredited Status from 2015-2019, and USLT was bestowed with the recognition of Institutional Accreditation (valid until 2019) by the Federation of Accrediting Agencies of the Philippines (FAAP).

The year 2015 was indeed a remarkable year for ULST as it celebrated its 50th foundation anniversary. Among the major activities were the launching of commemorative stamps and the relaunching of the Endowment Fund drive.

On June 30 of the same year, the Gawad San Luis for Employees (GSLE) was institutionalized. GSLE distinguishes employees' valuable and meritorious performances and achievements in different areas. It bestows awards and recognitions on administrators, faculty members, non-teaching staff, and maintenance workers for their years of

service, retirement from USLT, excellence in teaching, research, and creative works, completion of graduate or post-graduate studies, and performance in national and international platforms. Subsequently, the Gawad San Luis for Students (GSLS) was initiated on May 31, 2019.

USLT is a member of the CICM Philippines School Network (PSN) together with five other schools – Saint Louis University (Baguio City), Saint Louis College (San Fernando, La Union), Saint Louis College-Cebu (Mandaue City), Saint Mary's University (Bayombong), and Maryhill School of Theology (Quezon City). As in the other CICM-PSN member schools, the Office of the Vice President for Mission and Identity (VPMI) was established in USLT in the school year 2015-2016 with Rev. Fr. Thiago O. Silva as the first VPMI.

In 2016, Level III Accredited Status was granted to the Electrical Engineering program (valid until 2019); Level II Accredited Status to the Information Technology and Computer Science programs (valid until 2020); and Level II Accredited Status to the Nursing program (valid until 2021). Also, in 2016, the school was re-granted its Autonomous Status (valid until 2019) and was conferred the recognition as Center of Development in Information Technology (valid until 2018).

The school year 2016-2017 was the first year of implementation of the Senior High School Grade 11 with the following track and strands: Academic Track – Accountancy, Business and Management (ABM Strand), Humanities and Social Sciences (HUMSS Strand), and Science, Technology, Engineering, and Mathematics (STEM Strand: Health Science and Non-Health Science). In May 2017, the Elementary Department was granted Level II Accredited Status (valid until 2022).

In August 2018, USLT welcomed its first cohort of K-12 curriculum graduates into its college programs, paving their path to entering the workforce in 2022. In the academic year 2020-2021, the School of Education, Arts and Sciences (SEAS) added the Criminology program to its list of offerings.
The succeeding years were fruitful as Re-Accredited Status (valid until 2024) was granted to all

the six (6) Level IV programs such as Accountancy, Business Administration, Civil Engineering, Psychology, Political Science, and Elementary and Secondary Teacher Education in 2019; Level I Accredited Status (valid until 2024) to six (6) graduate programs such as Master of Arts in Education, Doctor of Education, Master in Public Administration, Doctor in Public Administration, Master in Business Administration, and Doctor of Business Management; Level III Re-Accredited Status (valid until 2026) to Electrical Engineering in 2020; Level II Re-Accredited Status (valid until 2027) to Nursing in 2021; Level II Re-Accredited Status (valid until 2027) to Elementary, Information Technology, and Computer Science; Level III Accredited Status (valid until 2023) to Junior High School in 2022; and Level II Re-Accredited Status (valid until 2027) to Hospitality Management and Tourism Management in 2023.

USLT's impressive journey of achievements continues, as it recently achieved another milestone by successfully passing the International Organization for Standardization (ISO) Audit, acquiring its ISO 9001-2015 Certification after being evaluated and certified by NQA Philippines, a leading assessment, verification, and certification body. The culmination of this accomplishment was celebrated during a ceremony held at the USLT Sports Field on September 8, 2022.

ISO Certification Awarding Ceremony

The school year 2022-2023 witnessed daring transformations highlighted by the creation of the Internationalization Office, underscoring the USLT's resolute commitment to actively embrace globalization. This school year is also distinguished by the successful construction and inauguration of the very first academic building at the Bishop Constant Jurgens Campus (BCJC) in Barangay Leonarda, Tuguegarao City. This development paved the way for the School of Accountancy, Business, and Hospitality (SABH) to occupy the premises in January 2023, followed by the School of Education, Criminology, Arts and Psychology (SECAP) in August 2023. This bold move would eventually facilitate the expansion of the student population at the Main Campus, particularly in basic education, as well as the engineering, information technology education, and health and allied sciences programs.

Within the same school year, the initial steps were taken to lay the groundwork for integrating the Elementary, Junior, and Senior High Schools. As the new school year 2023-2024 opens, so begins the beautiful story of the Basic Education School, serving Kinder to Grade 12 learners.

USLT has also been recognized in prestigious international rankings, including AppliedHE, the World University Rankings for Innovation (WURI), and the UI GreenMetric World University Rankings, affirming its commitment to academic excellence, innovation, and sustainable practices.

C. DEVELOPMENT OF USLT'S PHYSICAL PLANT

The past years have been witness to the tremendous development of USLT's Physical Plant. The year 1965 saw the construction of a one-story, four-room High School Building named as the Hantson Building. In 1968, what used to be the former San Jacinto Seminary was turned over to the College, which later became the Administration Building. In 1972, the old Ateneo High School building was renovated, and the Jesuit Fathers' quarters were converted into High School Library and Laboratories. In 1975, a four-room building was constructed as an annex to the old High School building. In 1977, with financial assistance from the Dutch Government, the CEBEMO two buildings were constructed: Bishop Constant Jurgens Technical Building and the CEBEMO Shop Building. The year 1978 saw the construction of the CICM District House for the CICM Fathers. In 1979, a new two-story, eight-room concrete building (Phase I) was constructed in the High School Department. Likewise, the Saint Aloysius Gonzaga Building was built in 1979.

Completed in 1980, the College gymnasium was constructed with recycled steel trusses acquired by Fr. James Ter Meer, CICM from the former Maryheights Se minary in Baguio City. Presently, this facility is known as the James Ter Meer Gymnasium.

To meet the increase in the enrollment of the College, in 1981, the old Hantson Building was demolished, and on its site was a two-story, eight-room building, later named San Lorenzo Ruiz Building. In 1982, a new three-story building was erected to house major administrative offices and more classrooms. This building was named the CICM Building in celebration of the 75th (Diamond) Jubilee of the CICM Missionaries in the Philippines. The year 1984 saw the completion of the Mary Immaculate Ladies Dormitory and, in 1988, the USLT stadium.

Charles Pieters Building

CICM Building

The culminating activities and Eucharistic celebrations of the popular friendship seminars for employees and students back in 1997 to some years later were held at the park near the CICM district house, giving the park its name as Friendship Park, advocated by Rev. Fr. Renillo H. Sta. Ana, CICM, during his previous appointment as USLT Chaplain, and whose development he revived during his reign as USLT President.

Theophile Verbist Building

Friendship Park

The year 1998 marked the laying of the foundation for the Theophile Verbist Building, encompassing the construction of its first two floors. Subsequently, in 1999, the development continued with the addition of the third and fourth floors dedicated to classroom spaces. The building also housed computer laboratories, the Treasury and Accounting Department, the Office of the Registrar, the Office of the Chaplain, the canteen, a bookstore, a printing shop, and a function room on the ground and mezzanine floors.

In 2000, USLT acquired a 2,084 square-meter lot at the Lecaros Extension to become the first site for the Dinggin Ka Learning Center. The same year saw the acquisition of a 5.4-hectare lot in the hills of Leonarda, Tuguegarao City to become an expansion site for the fast-growing Louisian family.

The school year 2000-2001 was marked by the construction of the main High School building (Phase 3), which, since then on, has been housing the administrative offices for the High School Department and several classrooms. The three (3) major buildings of the High School Department are linked together to form the so-called Charles Pieters Building.

In the summer of 2001, major movements in the facilities were undertaken. The three (3) higher floors of the Theophile Verbist building took a major renovation to accommodate the new, modern, and fully air-conditioned Learning Resource Center (Library) of the College Department. That summer, too, marked the renovation of the Bishop Constant Jurgens Building, which later became the building for the Preparatory and Grade School.

Constant Jurgens Building

Good Shepherd Chapel

The now Good Shepherd Chapel was originally the chapel built by the Jesuit missionaries at the time of the Ateneo de Tuguegarao. It took a major renovation in 2001 with a 180-degree reorientation for the Sanctuary (originally on the west) and the main chapel door (originally on the east). The reorientation paved the way, from 2008 to 2009, for the construction of the Pastoral Center to house the Office of the University Chaplain, Campus Ministry Office, and a Pastoral Hall.

The family of the late Fr. Clement Daelman, CICM donated the image of the Good Shepherd in 2010 as a sign of pastoral care for the Louisian community.
With the offering of new curricular programs, buildings were put up at the Extension Campus along Lecaros Street, which is adjacent to the Main Campus. First was the Pope John Paul II Building, constructed in 2004, to cater to the needs of the USLT's Nursing program. It houses the Nursing laboratories, Dean's Office, and classrooms. It is now named as Saint John Paul II Building. Second was the Tjolle International Center, built in 2005, which serves as the hotel laboratory for the Hotel and Restaurant Management program.

To expand the Leonarda expansion site, USLT purchased in 2008 an additional lot with an area of 4.6 hectares adjoining the 5.4 hectares purchased in 2000, thus the 10-hectare area of the entire Leonarda Expansion Campus.

In 2011, a new High School audio-visual room with a 150-seating capacity was added to the structure of the Charles Pieters Building. It was named Bulwagang Pacifico Casem in honor of Mr. Pacifico Casem, a former High School principal who also became a president of the then Saint Louis College of Tuguegarao. The Bulwagang Teodulfo Domingo, in honor of the former Bishop of the Diocese of Tuguegarao, Msgr. Teodulfo Domingo, was earlier built as part of the Charles Pieters Building and is used for seminars, conferences, and other related events.

The M Building was put up in 2012 to house the laboratories of the Pharmacy and Medical Laboratory Science (Medical Technology) programs, additional laboratories for the Hotel and Restaurant Management program, faculty rooms, and a Dean's Office. It is named the Immaculate Heart of Mary Building.

With the continuing need for classrooms, better faculty rooms, and audio-visual rooms, the new Saint Lorenzo Ruiz (N) Building was blessed and inaugurated in the summer of 2014.

In the same year, two other extension buildings (O and P) were constructed to address the increasing enrollment of the Junior High School and meet the Technology and Livelihood Education (TLE) laboratory requirements of the K-12 Enhanced Basic Education Curriculum. In the same year, the Paul de Bevere Building, on whose site once stood a multi-purpose shed, was constructed, and it now houses the Office of the Student Affairs and Services (OSAS), the Supreme Student Council, and The Louisian Courier offices.

Infrastructure projects for the Golden Jubilee celebration in February 2015 included the face-lifting of the main campus facade, installation of turnstiles at the main entrance gate, renovation of the open stage with installation of upgraded sound system, improvement of the Sports Field, and construction of the Wall of Fame.

With the increasing need for spaces for sports, cultural, and similar activities, USLT stadium undertook expansion in January 2016.

To house the Senior High School (SHS), an academic building was constructed in time for its opening for SY 2016-2017 in August 2016. At the site where it now stands was once the Mary Immaculate Ladies Dormitory, which was demolished. The SHS building is named the Clement Daelman Building.

In SY 2016-2017, a replicate building of the first phase of the Saint Lorenzo Ruiz Building was constructed. It stands on the location of the demolished old San Lorenzo Building. It houses college classrooms, facilities, and administrative offices.

The San Jacinto Building, which serves as USLT's historic landmark, was renovated in the school year 2017-2018, maintaining the architectural design of the old San Jacinto Seminary.

To help promote efficient energy consumption and environmental protection in the campus, USLT inaugurated its photovoltaic or solar power system in February 2018.

In the pursuit of USLT's vision to be a model institution of 21st-century education, the former Student Activity Center was demolished and reconstructed in the school year 2018-2019, into a three-level structure, named as the Bishop Wenceslao S. Padilla Learning and Mission Hall. A similar structure for the same purpose was constructed between the Theophile Verbist Building and the Aloysius Gonzaga Building and was named Bishop Carlito J. Cenzon Learning and Mission Hall. Both learning halls are equipped with Wi-Fi.

First Academic Building at the BCJC

In SY 2022-2023, the Bishop Constant Jurgens Campus (BCJC), which used to be referenced as Leonarda Expansion Site, saw the inauguration of its first academic building. With forty-four (44) classrooms, four (4) laboratories, libraries, administrative offices, faculty rooms, a canteen, and a Chapel, the BCJC is home to academic programs such as Teacher Education, Political Science, Psychology, Criminology, Accountancy, Business Administration, Hospitality Management, and Tourism Management. The construction of the building is yet another major development for institutional excellence.

In the summer of 2023, enhancements were made to the classrooms of the Basic Education School. These improvements include the installation of air conditioning systems, a step towards creating an environment that fosters better learning conditions. Furthermore, as part of the ongoing commitment to safety and security, closed-circuit television (CCTV) cameras have been installed along the hallways. These proactive measures ensure the well-being of both students and employees, creating a university where everyone can thrive with comfort and peace of mind.

Major infrastructure developments included the construction of the Molecular Diagnostics and Research Laboratory, the Center for Culture and the Arts (CCA) Building, and a covered court. A new elementary playground was also built to provide younger learners with a space for recreation and holistic growth.

In 2024, USLT extended its commitment to a comfortable learning environment by installing air conditioning systems in classrooms and offices across all its campuses. This move ensures that students and employees across various departments can benefit from a conducive environment.

To strengthen security, closed-circuit television (CCTV) cameras were installed in hallways across the College departments. A centralized comfort room, stainless railings, and additional lamp posts further enhanced the accessibility, safety, and aesthetics of the campus.

The installation of LED walls added a modern touch to USLT's facilities, while the creation of green spaces emphasized its commitment to environmental sustainability. These improvements reflect the USLT's unwavering dedication to providing a safe, comfortable, and forward-thinking environment where students and employees can thrive.

D. THE MOTTO: WISDOM BUILDS

Sapientia Aedificat

The fear of God is the beginning of wisdom. USLT, as a Catholic educational institution, embodies the conviction that wisdom, borne out of genuine reverence and love for God, builds up our persons. (We have an expression "God-fearing person," which means that this person will not do anything to offend God and one's neighbor and will not do anything against one's own conscience.) Expressing it in a positive way, a God-fearing person does God's will and contributes to the well-being of the whole community. This is Wisdom in the Old Testament – Solomon's search for the will of God incarnates in the person of Jesus of Nazareth, the fulfillment of God's will and revelation in the context of the Covenant community.

Thus, in today's terms, "Wisdom Builds" means that the attitude and the actions that express obedience to God and the love and compassion toward one's neighbors will contribute to the betterment of oneself and one's community. Every Louisian built in wisdom is called to become a builder of the Church and Society.

E. THE SCHOOL EMBLEM

The herald of the USLT emblem blends the SWORD and the SHIELD, symbolizing the virtue of fortitude. The sword thrusts forward toward individual and community development, the goals of education.

The letters C.I.C.M. in the Cross is a Latin initial for Congregatio Immaculati Cordis Mariae, or in English, Congregation of the Immaculate Heart of Mary. CICM is an international Catholic religious congregation that founded USLT in keeping with her educational mission and apostolate.

The LILY, symbolizing the virtue of integrity, and the CROSS, representing faith in the Lord Jesus Christ, are wielded by the shield.

The prime products of Cagayan, CORN and RICE (stalks), depict USLT's commitment to contribute to the development of the Cagayan Province and Cagayan Valley Region.

The BULB represents innovation and creativity, while the COGS symbolize collaboration, critical thinking, and practical application of knowledge. Together, they highlight the interconnected and technology-driven nature of 21st-century education.

The colors BLUE and WHITE, the colors of the Blessed Virgin Mary, signify the love and life of a dedicated person close to Christ. YELLOW symbolizes the golden harvest of Cagayan's prime products. The golden yellow which was seen in the old USLT logo was officially adopted in 2015 to mark the golden jubilee of the university, symbolizing the rich harvests of USLT's achievements through the years.

Positioned at the center of the emblem, the DIAMOND symbolizes the university as a shining jewel, encapsulating decades of excellence and success. This represents USLT's 60th founding anniversary and aligns with the theme, USLT @ 60: Diamond of Excellence, Jewel of Achievements.

Thus, USLT, a community of learners seeking to be leaders of human progress, provides not only an academic but also a Christian atmosphere where values are developed. This atmosphere makes learning a process of building a human person dedicated towards the service of community, country, and God-the embodiment of the USLT motto: WISDOM BUILDS.

F. THE CICM EDUCATION APOSTOLATE

The CICM-RP Province believes that education apostolate is one effective means of evangelization to be fully integrated with the church's educational purpose. It is essential, therefore, that USLT aligns itself with the apostolic commitment and priorities of the CICM-RP province in its educational apostolate.

1. THE CICM-RP PROVINCE MISSION STATEMENT OF EDUCATIONAL APOSTOLATE

The CICM Philippine Province considers the educational apostolate as one of the most effective means of evangelization. As such, it maintains the school apostolate among its priorities as a missionary institution.
Its educational policy integrates fully the vision of the Catholic Church on education as expressed in the different documents of the Second Vatican Council and of the Second Plenary Council of the Philippines.

2. THE CICM-RP PROVINCE VISION AND MISSION IN EDUCATION

Inspired by the historical commitment and dedication to provide a Catholic Education, the CICM Philippine Province espouses the following vision and mission for its educational institutions:

It envisions an integral human formation of the youth who will become mature Christians and active members of the Church. This integral human formation is directed towards a Christian development of knowledge, skills and attitudes, which is geared towards service in church and society by witnessing the values of God's kingdom.

In order to realize this vision, the schools orient and direct their programs and activities toward the promotion of human dignity and happiness, which lead to the development of the total person who is able to take up his/her responsibilities in the church and in the world.

Having a specific concept of person and the world as revealed in the Judaeo-Christian Tradition, the school promotes a special outlook of self, others, material world and God, which basically changes the goal of every human activity and distinguishes it from any other educational system.

Having been founded by the CICM Institute, every CICM educational institution lives up to its missionary identity. Each member of the school community is fully aware of his/her responsibility to reach out to the non-Christians and discover with them the impact of the Gospel on social reality, justice and solidarity. Likewise, he/she is conscious of his/her responsibility to reach out to his separated brothers and sisters and to establish fraternal relations with them because there is only one Gospel, one Lord and one Father of all.

Inspired and compelled by the attitude of Jesus, it gives special attention to the oppressed, the disadvantaged and the handicapped.

3. THE CICM-RP GENERAL EDUCATIONAL OBJECTIVES

1. To carry the mission of the evangelization to bring about the Christian understanding, appreciation and practice of faith in God, human relationships, moral values, and life-promoting dimensions of culture and society.
2. To form a vibrant Catholic educational community of administrators, teachers, personnel, students and other stakeholders with dignity and integrity as a witness to God's kingdom through:

   Meaningful Liturgical Celebration (Faith Celebration)
   Active Social Involvement (Faith in Action)
   Relevant Religious Education (Faith Formation)
   Intensive Mission and Vocation Animation (Faith Response)
   Animating Organization (Faith Community) and with solidarity to peoples of all faiths and traditions.
3. To animate our educators in the mission of the Church and CICM mission in education as essential component in sustaining professional excellence, thus realizing their teaching profession as a sacred call in the service of God and His people.
4. To create relevant and innovative educational programs that will transform learners as impelled by the passion for mission and academic excellence to become responsible citizens, competent professionals, and Christian leaders.
5. To positively engage with the society in the generation of knowledge, enrichment of skills, and nourishment of attitude enlightened by the Christian faith and Catholic Social teachings through instruction, research, and community involvement.
6. To serve as a dynamic base for the CICM Philippine Province to promote missionary vocations and to participate in the missionary ministry of the local church and the universal church.
7. To be committed to the promotion of life among the people of God, preferentially with the poor, disadvantaged, and marginalized, through the CICM Advocacies of multi-ethnicity, justice, peace, care for the environment, wider access to quality education, and other community services.

4. THE CICM-RP SPECIFIC EDUCATIONAL OBJECTIVES

a. **Concern for the poor and handicapped**

The school is aware of the many factors under the present conditions, which tend to keep the disadvantaged outside the school community; positive steps are taken to counteract these obstacles.

This concern is expressed by such means as:

- scholarship programs for the poor
- involvement in non-formal education
- service programs
- support for efforts to uplift the disadvantaged in society
- simplicity of life-style in the schools

b. **Concern for the non-Christians and non-Catholics**

The presence of the non-Christians in the educational community is brought to the attention of all, so that non- Christians feel accepted and welcomed. The Christian community spirit and interpersonal relationships experienced by non-Christians are strong incentives to become committed members of the Christian community and to share the Christian vision of education among the non-Christians.

Our Christian ecclesial community is an "open" community: open for what happens in the world, open for those who belong to other races or Christian religions. The ecumenical spirit should bring about universal brotherly love.

c. **Service to the local church in a subordinate role**

The school works in union with the local church, striving for a common vision. It respects the authority of the local church and the missionary orientation of CICM.

This serving role means taking initiatives and leadership where needed, opening and using channels of communications, which will make for better consultation, cooperation, mutual understanding and effective evaluation of CICM work and presence. The school actively promotes priestly and religious vocations, especially for the diocesan clergy.

Because of its specific importance among the academic disciplines and the service to be rendered to the local church, every CICM institution of higher learning has a faculty or Department of Theology.

d. **Integration**

It refers to both the integration of the local church and the integration of any life-giving aspect of cultural and moral values. The school develops integration through the presence of members of the local church in its Board of Trustees and of the Corporation and by the involvement of all sectors of the educational community in the activities and progress of the local church.

e. **Dynamic Base**

As a missionary congregation, CICM is helping build the local church, while at the same time establishing a dynamic base for the congregation so as to create awareness for the missionary task of the universal church and to work for vocations.

Our educational institutions train apostolic-minded lay people imbued with the CICM missionary spirit, who will assist in implementing the school's mission and objectives.
Our institutions are also based to organize missionary vocation animation in their region.

G. THE CICM – PHILIPPINES SCHOOL NETWORK

The CICM Philippines School Network (CICM-PSN) is composed of six schools, namely, Saint Louis University (Baguio City), Saint Mary's University (Bayombong, Nueva Vizcaya), Saint Louis College - San Fernando (La Union), University of Saint Louis (Tuguegarao City, Cagayan), Saint Louis College – Cebu (Mandaue City, Cebu), and Maryhill School of Theology (Quezon City).

CHAPTER IV: INSTRUCTIONAL POLICIES

A. THE CLASS PERIOD

1. The class period is the time prescribed for lecture or laboratory classes.
2. The class period begins and ends with a prayer led by the faculty member or by a student.
3. The class period is to be used fully for academic instruction. Proper utilization of the class is one proof of effective teaching. The instructor is expected to be in the classroom when the buzzer rings. Having all educational instructional aids at hand, he/she begins his/her class promptly and teaches for the whole duration of the class period. Should the period last for three or more hours, the instructor may give a fifteen-minute break in the middle of the period.
4. Any required research work should be as an assignment and not to be done within the class period except for regular Research and research-related classes.
5. A faculty member dismisses his/her class five (5) minutes before the time. Except for reasons of emergency, a faculty must not dismiss his/her students before the first buzzer.
6. Class periods have to be conducted without disturbance or interruption. Outsiders are not allowed to enter the classrooms. Entertainment/programs/birthday celebrations are restrained during a class period. As a general rule, no classes are allowed on Sundays.
7. No children of faculty members should be brought to the classroom or any meeting, in-service training, etc., as this causes disturbance and inconvenience.

B. CLASSROOM TEACHING AND CLASS MANAGEMENT

1. Education is the process of finding and learning the meaning and application of man's relation to persons and things. For the educational process, no uniform teaching method can be prescribed. Teachers use methods or strategies that create an interaction between the teacher and the students in making teaching dialogic.
2. Mastery of the subject matter is a prerequisite to good teaching.
3. The use of 21st-century methods and techniques for instruction is a great aid to success in teaching and learning.
4. Adjustment of the teaching method to the level of the majority of the students is a sound educational practice. Therefore, the teacher must be able to adapt his/her teaching style to the students' interests and needs.
    a. A faculty member realizes that students' potentialities are greater than what can be perceived; therefore, he/she continually uses incentives and motivations to capture their interests and capabilities for creativity.

b. A faculty member faced with an average or below average class seeks to make the students achieve maximal learning through, but not limited to, opportunity sessions, frequent quizzes, assignments, use of textbooks, and the like.
c. Field trips and seminars prescribed in the curriculum or course are conducted during weekends as a general rule to prevent the students from being absent from their academic classes.

5. USLT generally observes a class size of 45 for lectures and laboratories based on the corresponding CHED Policies Standards and Guidelines (PSG) and TESDA Training Regulations. Any oversized class must be reported by the faculty member to the Academic Dean at the beginning of the term so that necessary steps can be taken to remedy the situation.
6. For the purpose of exploration and as a basis for teaching, a faculty member checks at the beginning of the semester whether the students have taken the prerequisite subjects of the course. Problems in connection with the prerequisite subjects are to be referred to the Academic Dean of the School concerned. Faculty members must advise students whose names are not on the class list to complete their enrollment.
7. At the beginning of the semester, faculty members orient the students on the class policies, provisions of the Student Handbook, general grading policy, causes of failures, remedial measures, requirements of the course, good study habits, and use of the library.
8. Based on the class list received from the University Registrar, the faculty member checks whether the student is officially enrolled in his/her class, after which he/she then distributes the class cards. Only students whose names are found in the class list should be asked to fill out the class cards.
9. Under no circumstances shall the faculty member allow any student to hold the class cards, call the roll, or perform other functions that pertain to the faculty member alone.
10. Faculty members are required to use a prescribed seat plan for all classes.
11. Smoking, eating, chewing, and other distracting activities are not allowed in the classrooms.
12. The faculty member must erase the blackboard/whiteboard after each class for use by the next class. The faculty member should see to it that chairs are placed in proper order before leaving the classroom.
13. Faculty members are required to submit reports for repairs or damages in the classroom to the Office of the Campus Infrastructure and General Services (CIGS) using appropriate forms.

C. ASSIGNMENTS AND REPORTS OF STUDENTS

1. The faculty member tempers with moderation and understanding the scope and length of assignments he/she gives to students.

D. ACCREDITATION OF TOUR AGENCIES

Only duly accredited tour agencies may participate in the bidding for educational tours. The accreditation process shall be as follows:

1. Letters of invitation shall be sent to tour agencies who shall submit the following pertinent documents for initial evaluation:
   a. latest business permit
   b. certificate of registration
   c. Mayor's permit
   d. DTI certification
   e. audited financial statement
   f. list of schools served by the tour agency and corresponding certification or documents showing its track record in managing education tour

2. The papers are initially evaluated by the "Accreditation Committee" chaired by the VP for Academics and composed of the following:
   a. SSC President
   b. Governors
   c. Teacher Representatives (all levels)
   d. Employee Representatives
   e. Alumni President/representative
   f. Administration representatives

3. If necessary, a tour agency shall be required to make a formal introduction of its services (preferably in video or PowerPoint format). It shall also answer queries from the committee relative to the conduct of educational tours.

   CHED issued a Memorandum for the imposition of a Moratorium on the conduct of Field Trips covered by Memo Order No. 17, s. 2012.

   In the case of International Educational Trips, covered under CHED CMO 26 s. 2015, USLT shall abide by all provisions of the order.

4. The committee shall identify at least three (3) tour agencies that shall participate in all biddings for the entire school year.

E. APPROVAL OF EDUCATIONAL TOURS

Requests for the conduct of educational tours shall be forwarded by the faculty concerned to the Academic Dean at least two (2) months before the trip. The request shall state, among other pertinent information, the following: purpose/relevance of the field trip to the subject; place/s to be visited; tentative schedule; and number of students who signified their interest in joining the field trip.

1. The Academic Dean endorses the request to the VP for Academics for further evaluation.
2. The University President or authorized representative gives final approval for the conduct of the educational field trip.
3. Once approved, the request is communicated to the Office of the VP for Finance for bidding:
    a. All details of the trip, including itinerary, are communicated to the accredited tour agencies.
    b. The tour agencies submit their sealed bids.
    c. The Chair of the Bidding Committee convenes the group for the opening of the bids and identification of the winning bidder.
    d. The Bidding Committee is composed of the VP for Finance as Chair, CICM Liaison Officer, Academic Dean/Principal, teacher representatives, student representatives, and parent representatives. However, the composition of the committee may be changed at the discretion of the University President/authorized representative for valid reasons.
    e. The winning bidder is informed in writing about the result of the bidding, and the MOA is consequently signed. The losing bidder will likewise be informed in writing about the result by the Chair of the Bidding Committee.

4. Post-approval Guidelines:
    a. Once approved, letters should be sent to parents by the instructor concerned, endorsed by the Academic Dean/Director/Principal, informing them of the field trip that will be undertaken during the school term. The letter should contain the purpose of the trip, place/s to be visited, tentative date/s, and estimated cost. The letter should categorically state that the field trip is not compulsory. A reply slip shall be attached indicating the parents' willingness to send their children to the field trip. The student shall submit the accomplished reply slip to the instructor within one (1) week of its issuance.
    b. Once approved, a MOA with the tour agency/bus company shall be entered into between the former and the VP for Finance. Payments will be made by the students directly at the Accounting Office. A photocopy of the receipt shall be submitted to the teacher-in-charge.
    c. At least two (2) weeks before the trip, students joining the field trip are given Parents' Waiver forms to be returned to the instructor concerned not later than one (1) week before the scheduled trip. The full payment for the cost of the field trip should likewise be settled by the students upon submission of the waiver.
    d. Before the trip, an orientation/briefing is given by the Head of the Department/assigned representative to the students/pupils regarding discipline and proper conduct during the trip, together with the expected learning outcomes.
    e. At least three (3) days before the scheduled trip, the students and the faculty

members joining the trip as chaperones should submit medical certificates that they are physically fit to travel.

f. Upon return, the teacher conducts a follow-up report on the insights and learning gained by the students. The teacher submits his/her own report to the Academic Dean/Director/Principal.
g. In no case shall students be allowed to stay behind.
h. Chaperones shall not be allowed to attend to personal concerns, nor shall they stay behind. The chaperones should stay for the whole duration of the trip.

5. Other Guidelines for Field Trip:
   a. Field trips are not compulsory, and this should be made explicit in the letter to parents.
   b. A Parent's Waiver is required for all field trips and activities, whether conducted within or outside the region.
   c. To minimize the financial burden on parents, field trips outside the region should be limited to at most two days, exclusive of travel time.
   d. Utmost diligence and care should be exercised by the instructors/chaperones accompanying the students/pupils on a field trip to avoid untoward incidents because the Parents' Waiver does not absolve them of responsibility for negligence. In case the students are unable to attend due to valid reasons, an alternative activity must be provided to them.

F. EXAMINATION AND GRADES

1. The examinations hereunder referred to are the Preliminary, Midterm, and Final Examinations.
2. No student may be granted any exemption from any examination. Oral examinations in lieu of written examinations are not allowed unless approved by the VP for Academics.
3. In general, an examination permit duly issued by the Accounting Office is required during the major examination upon settlement of accountabilities. A provision of a loan from the Accounting Office is available for those who cannot settle their financial obligation during prelims and midterms but are expected to settle the same before finals. In case a student fails to pay for finals, the student may be granted an examination, but his/her grades will not be processed, nor will he/she be allowed to enroll in the succeeding term.
4. An examination permit shows that the student has been cleared by the Accounting Office with respect to financial obligations but not necessarily with academic requirements, which are left to the discretion of the faculty member and the Academic Dean.
5. The schedule of examinations, as prepared by the Registrar, should be strictly followed to prevent inconveniences on the part of the students in settling their financial obligations. Any change in the scheduled time of examinations should be

approved by the Academic Dean, and properly coordinated with the Registrar.

6. A special examination given for circumstances beyond the control of the student will be given only with the written permission of the Academic Dean. This will be granted to students who were absent for valid reasons such as (a) illness, upon presentation of a medical certificate or notification from parents or guardians on the day of absence; (b) financial difficulties; (c) death of an immediate family member; and (d) other plausible circumstances beyond the control of the student. An excusal form issued by the OSAS shall be the basis of the special permit to be granted by the Academic Dean. This shall be presented by the student to the instructor of the subject where he/she will take a special examination. These special prelim or midterm tests must be taken within the week after the students report back to school.
7. Academic problems of the students must be referred by the faculty to the Academic Dean and/or the Guidance Center as early as prelim and not after the final examinations.
8. Faculty members return corrected test papers within seven (7) working days after the Prelims and Midterms, indicating well on the test papers the score a student obtained. Students should be informed of their prelim or midterm grades. Faculty members also submit their grading sheets to the Office of the Academic Dean seven (7) working days after the prelim and the midterm examinations and within three (3) working days after the final examinations.
9. Final test questions, together with the answers, corrected test papers, class records, and grading sheets, are submitted to the Academic Dean three (3) working days after the last day of the final examination.
10. It is the duty of the faculty member to check the examination papers. Assistance of the students in checking the examination papers should not be allowed.
11. The faculty must promote the observance of honesty and integrity during examinations and quizzes.
12. As a general policy, students who cheat during quizzes get zero automatically and term grade of 70 during major examinations subject to deliberation.
13. During major examinations, proctors are assigned by the Academic Deans from among the faculty members. A written request for swapping of proctor assignments must be approved by the Academic Dean. Proctors check the examination permits and attendance of students. The proctor then submits the attendance sheet to the teacher.

G. ALLOWABLE PERCENTAGE OF FAILURES IN A CLASS

1. The failure of more than 25% of a class in the final examination ratings is an indication that the average student has not been taken into consideration.
2. If more than 25% of the class failed, the faculty member concerned must explain in writing the high percentage of failure and submit the following documents:
    a. Class record indicating the computation of the class standing, that is, number of quizzes, seat works, assignments, exercises, etc., given for one grading period;

b. Attendance sheets for the remediation classes, if any, including the dates undertaken;
c. Copy of the final examination, including the breakdown of points for every item/problem;
d. Other schemes the teacher adopted in class to give the students a chance to pass (e.g., remediation classes); and
e. Copy of students' comments concerning the teacher.

The Academic Dean reviews all the documents submitted and endorses them to the Office of the VP for Academics for approval of the University President. Once approved, the grading sheets are forwarded to the University Registrar for encoding in the students' permanent records.

H. GRADING SYSTEM

USLT observes, in general, the following manner of computing grades. At the start of the semester, a faculty member informs his/her students about the grading system and how the grades are computed in every term. He/She should give them their preliminary and midterm grades either publicly or privately, as prudence may dictate.

1. Preliminary Raw Score:
   Class standing (max of 50) plus Prelim Exam (max of 50)

2. Moving Midterm Raw Score (MMRS):
   Class standing (max of 50) plus Midterm Exam (max of 50)

3. Midterm Raw Score (MRS)
   Preliminary Raw Score + (2 X Moving Midterm Raw Score)

4. Moving Final Raw Score (MFRS)
   Class standing (max of 50) plus Final Exam (max of 50)

5. Final Raw Score:
   Midterm Raw Score + (2 X Moving Final Raw Score)

6. The Class Standing
   The class standing may be allotted exactly 50 points, which includes the following: recitations, quizzes, assignments, seat works, themes, experiments, term papers, laboratory works, and the like. USLT allows modification of the method of computing grades, which is necessary to suit certain subjects (like Research, PE, NSTP, and Internship).

I. SPECIAL QUIZ

A special quiz is given to a student who failed to take such a test with valid reasons (e.g., health condition, death/burial of immediate family member, etc.).

For duly approved official business, the student should be given the option to choose the highest score attained by any member of the class or to take the special quiz or learning activities.

J. ACADEMIC HONORS

Summa Cum Laude	GWA of 95% or higher with no grade below 93% in any subject (including NSTP)
Magna Cum Laude	GWA of 92% or higher with no grade below 89% in any subject (including NSTP)
Cum Laude	GWA of 90% or higher with no grade below 85% in any subject (including NSTP)
Academic Distinction	GWA of 90% in all academic subjects with only one grade in the line of seven (7) but not lower than 79% (including NSTP) and is recommended by the Academic Dean

** NSTP is NOT included in the computation of GWA.*

** The previous grades of the shiftee from the old program shall still be included as basis for determining the award relative to cut-off grades.*

** The grades and/ or deficiency of a transferee from previous school, even if they performed better in their stay within USLT, shall be considered in determining the award.*

K. FINAL MARKS

1. The grade of "conditioned" or "incomplete" is not allowed (Manual of Regulations for Private School, 8th Edition, and Article XV Sec. 80a). The instructor must warn the student to submit all requirements before the final exam. Failure to meet the deadline means zero (0) for that assignment, term paper, or project for the final grading. No final grade of 74% or 73% should be given; it should either be 75% (passed) or 70% (failed).
2. Students who do not take the examination without a valid reason will be given zero (0) for that test.
3. Students who fail to take the final examination are marked "NFE." They have one year to complete or remove the NFE. The Academic Dean or instructor, however, is encouraged to let the student take that final exam as soon as he/she enrolls for the next semester. If the subject with NFE is a prerequisite, then the student should take the final test before he/she enrolls in the higher subject.
4. The mark "withdrawn with permission" (WP) shall be given to students who

withdrew their enrollment from the course or subject with the approval of the Academic Dean, provided the withdrawal is made anytime from the second week of the semester and before the midterm examinations. Further, the mark WP is also given if a student drops because he/she is employed within the semester.

5. The mark "dropped" (D) shall be given to students who have filed an application for withdrawal and have incurred absences beyond the 20% allowable or because of disciplinary action.
6. The mark "failure" (F) is given to students who failed or who dropped the subject after the midterm examinations.

L. POLICY FOR 2-3 TIMES FAILING MARK IN THE SAME SUBJECT

1. **For professional/major subjects:**
   For failing twice in the same subject, the student will not be admitted in the same program but must be advised to shift to one that is more fitting and less demanding.
2. **For non-professional subjects:**
   For failing twice in the same subject, the student will be required to sign a contract that another failure will mean non-readmission in the school.

M. GRADING SHEETS

1. The Registrar's Office furnishes the faculty members with their grading sheets for prelim and midterm.
2. Indicate under "remarks" the mark "dropped" and the date of dropping, or "NFE" with the reason.
3. The final grades are submitted to the Academic Dean within three (3) working days after the scheduled final examinations. After approval of the Academic Dean, the soft and hard copies of the electronic grading sheets are submitted to the Registrar.
4. Any alteration or erasures in the grading sheet for the final rating should be properly countersigned by the faculty member. Grades must bear the mark of finality even if a scholarship or graduation is attached to them. The final grades, once submitted, are beyond alteration, except in cases of typographical errors. Rectification of grades is only allowed within a month after the last day of the preceding term. Further, any changes in the final grades already forwarded to the University Registrar require final approval from the University President.
5. It is an act of prudence on the part of the faculty member who has students with low or failing grades to consult other instructors regarding the academic status of graduating students in their subjects. Deliberation on the grades of graduating students among faculty members concerned is highly commendable.

N. COMPLAINTS ABOUT GRADES

Students' complaints about academic grades are referred to the Academic Dean of the department. Generally, said complaints should be filed no later than the

following term: failure to do so means that the student waives his/her right to question the grade given.

O. STUDENT ABSENCES

The faculty members check students' attendance accurately and regularly.

1. After three (3) hours of absence, submit the student's class card to the Prefect of Men/Women. Absences include late enrollment or late reporting at the start of the semester.
2. After five/six (5/6) hours of absences, submit the class card to the Office of the Prefect of Men/Women.
3. After 10/10.5 hours of absences, submit the class card again to the Prefect of Men/Women.
4. The faculty members should not admit the student in class unless he/she presents first his/her class card so that:
    a. after 3 hours of absences, guidance is given to the student concerned;
    b. after 5/6 hours of absences, the parents are informed, and, again, guidance or advice is given to the student; or
    c. after 10/10.5 hours of absences, the Prefect of Men/Women consults, if necessary, the Academic Dean concerned to deliberate if the student deserves another chance or not.
5. Once the student is dropped (officially or unofficially), the Prefect of Men/Women informs the Academic Dean and instructor concerned.

P. LEAVE OF ABSENCE (LOA)

A student may file for a LOA provided the following conditions are met:

1. The application for a LOA is VOLUNTARY.
2. The student should be in good disciplinary standing at the time of the application.
3. He/She should not have incurred 50% of academic deficiency in ALL his/her subjects prior to application of the leave.
4. He/She should not enroll or study in another school within the duration of the leave.
5. He/She should secure LOA only once in his/her entire stay in college.
6. The leave should not be more than one academic year.
7. The student should apply ONE MONTH before the start of the ensuing semester or academic year.
8. He/She should inform in writing the Academic Dean of his intention to re-enroll before resumption for enrollment.
9. The student understands that a leave does not automatically extend grades of incomplete.
10. The student understands that a leave preserves the curriculum and requirements designated in the Course Catalogue at the time of his/her leave in the event of a change in curriculum or degree requirements while he/she is on leave.

Q. TEXTBOOKS/HANDOUTS & INSTRUCTIONAL MATERIALS

1. USLT requires the use of the books approved by the Textbook Board of the Republic of the Philippines (R.A. 139-Textbook Law, Section 46, page 8, MIFS, 7th edition) and prescribed by the USLT Administration.
2. To help students, USLT makes handouts and other teaching materials prepared by the competent members of the faculty and made available at the University Store.

R. THE FACULTY MEMBER AND THE LIBRARY

1. The Faculty Member and the Students' Use of the Library
   a. Students are encouraged by the faculty members to make frequent and proper use of the library and its facilities. At the beginning of each semester, a part of the teaching time can be spent wisely in orienting the students on the proper use of the different sections of the library: the OPAC and the Library Website, including the online journal databases; the rules to be observed in the different sections especially those on silence; and the responsibility of the students in keeping books and reference materials in the best physical condition possible by not mutilating them through underlining words or cutting or tearing pages.
   b. A faculty member may make arrangements with the library staff for an orientation of a specific library service, like the use of online journals and other resources. A letter of request is addressed to the College Librarian or the Director of Libraries to prepare the material/presentation needed prior to the scheduled request.
   c. Assignments given to students must be realistic, i.e., they are given according to the physical possibilities of the present book collection of the library. Before giving assignments, the faculty member is advised to check on the availability of books in the library.
      - A book should not be recommended for reading to students if the only copy available in the library has been borrowed by the faculty member himself/herself.
      - A reasonable length of time is given to the students to finish the assignments which require the use of the books in the library, e.g., a class of 40 cannot possibly report on a book within one week if only one copy of that book is available.
   d. In case a book (Reserve/Backup) is with the faculty member, he/she is responsible for informing the students of such, and the faculty member should be willing to lend the book/s to the students for their reference.

2. General Information on the Library
   a. At the beginning of each school year, the College Librarian or the Director of

Libraries gives a library orientation to all new faculty members by discussing the policies, rules, and regulations.

b. Suggestions from the faculty members for the improvement of the library services are always welcome.
c. Faculty members can seek assistance from any of the library staff in finding material or availing of any library service.
d. To be properly informed about the library and its regulations, faculty members should read the policies contained in the Student Handbook at the beginning of each semester.

Since the library is a place for quiet research and study, all unnecessary conversations should be avoided.

CHAPTER V: STUDENT ACTIVITIES

A. REGULATIONS GOVERNING STUDENT ORGANIZATIONS AND ACTIVITIES

1. General Policies on Student Organizations

a. USLT does not recognize fraternities or sororities. Likewise, USLT does not approve student organizations that may cause factionalism or rivalry or offend USLT's Christian Catholic, cultural, and academic forum.
b. Only organizations whose memberships are exclusively given to bonafide students of USLT may seek recognition for their organizations from USLT.
c. New organizations should seek recognition from USLT within the first two (2) months of the school year through the OSAS.
d. New organizations shall have one (1) full-time USLT College Department faculty member as an adviser. He/She shall be vested with the authority to guide the officers and members in the performance of the activities and to assist them in decision-making.
e. The officers of the recognized organizations may propose to the DSAS two (2) names of would-be advisers for approval of the Vice President for Administration.
f. Only recognized organizations can use the name of USLT. The use of the university's name by any organization not recognized by USLT is prohibited.
g. Any hazing in the selection and initiation of its members by the organization or any of its members is sufficient grounds to revoke the organization's recognition immediately and for the officers of such organization to be dismissed or not to be readmitted.
h. The organization should have, as its officers, students with the following qualifications:
    - at least two-year residence in USLT;
    - certification from the Academic Deans stating that the student had no failing grade during the previous school year; and
    - Certificate of Good Moral Character from OSAS.
i. The organization shall accept the DSAS as its head in the matters of student activities; hence, the latter's authority to make rules concerning the activities of the organizations and have them confirmed by the VP for Administration.

2. General Policies on Organizational Activities

a. Class hours shall never be used for organizational meetings, functions, campaigns, and fund drives since academic work shall never be subordinated to any other pursuit in the classroom, which is the academic forum.
b. No money, except membership fee, shall be collected from the members by any

organization for any purpose whatsoever without obtaining a written permit from the DSAS and the VP for Administration.

c. Recognized student organizations and students have the privilege to avail themselves of the campus facilities in accordance with the regulation about proper application for approval and reservation.
d. The organization should not engage in activities that will adversely affect the academic performance of the members.
e. The organization should not engage in elaborate and expensive affairs.
f. Any student who is authorized to organize and engage in any lawful activity shall be held responsible for all the activities of the group. In the case of a duly recognized student organization, the officers thereof shall be held liable.
g. A Catholic school has the task of preserving and promoting culture. No form of discrimination or vulgarity shall be done inside the campus or will be allowed as part of the organization's activities or of a school program.

3. Requirements for Recognition of Student Organizations

Students are allowed to organize within the campus and to seek recognition for such organizations under the following provisions:

a. They shall file at the OSAS a written application for recognition stating the purpose and description of the organization structure and procedures, specified minimum membership, qualification and listing of members, and such other facts as required, like program of activities.
b. The organization must have a Constitution and By-Laws based on sound purpose, in conformity with the objectives of the school, and subject to the provisions of the Student Handbook and of the law. Among its objectives, it must teach good human relations based on moral, spiritual, and democratic values. It must be involved in constructive school and community development programs as its contribution to society. The organization must be guided that every right has a corresponding duty.
c. The Constitution and By-Laws must be reviewed and endorsed for approval by the OSAS and be submitted to the VP for Administration for approval.

4. Financial Management Policies for all Departments and Student Organizations

a. Every department and organization must maintain a book or any record of their transactions maintained by the treasurer, which should bear the date of transactions, including the specifics of the financial transactions. This is useful in helping the officers monitor their funds' use and to provide them with chronological data of their transactions.
b. All collections of any kind must be deposited immediately to the Accounting Office; otherwise, the same must be kept under the custody of the treasurer and not to any other persons in order to avoid unauthorized use of their funds.

However, it is preferred that the same should be deposited immediately. Cash on hand must not be mixed with the personal money of the treasurer.

c. Receipts must be issued for all collections made. The receipts must be stamped with the departmental and organizational logo or any identity for that purpose. The receipts must be maintained only by the treasurer, pre-numbered and used chronologically. Entries on the receipts must be made properly. The amount written in figure must correspond to the amount written in words. The signature of the collecting officers must also be affixed in the receipts.
d. To avoid missing collections, aside from the receipts, a separate sheet must be used to list the names of all the members who had paid with the amount and their signatures, including the date of payment.
e. Withdrawal of funds from the Accounting Office must also be made and strictly followed. The withdrawal form from the OSAS must be filled out for all transactions. This form bears the signature of the President/Governor, Treasurer, Adviser, Academic Dean, recommending approval by the DSAS, and for appropriate action by the VP for Finance. In no way are withdrawals made without the consent of the President/Governor, Treasurer, Adviser, and Academic Dean.
f. Departmental and/or organizational funds must be used for the purpose or intention of the department or organization, not for the personal needs of the officers.
g. Any form of penalty, such as not attending an activity in school, even if agreed upon by officers and members, must first be approved by the Administration; hence, permission from the same should be sought through the Academic Dean. Monetary penalties were earlier prohibited in USLT.
h. All department or organizational t-shirts, jerseys (sports uniform), costumes, and projects should be purchased through the Accounting Office following the USLT's bidding procedure. Organizational or departmental t-shirts can be included in the assessment of students.
i. Any kind of collection/contribution to be made by the department or organization must be properly communicated and be duly recommended by the Academic Dean and endorsed to the DSAS for appropriate recommendation to the VP for Administration.
j. The transfer of the Department/Organization Fund must be properly communicated and duly recommended by the Academic Dean and endorsed to the DSAS for appropriate recommendation to the VP for Administration.
k. An official receipt must be secured for every purchase made by the departments and organizations. This is to avoid disbursements that lack any receipt. Official receipts are already given for purchases above P25. For purchases below P25, temporary receipts can be secured but at least contain (a) date of purchase, (b) name of the store and the address, if possible, (c) item purchased and the amount, and (d) signature of the store owner/seller.

l. Purchase above P25 without official receipts must be reimbursed by anyone who made the purchase. This is to ensure that purchases are made legitimately and to avoid material disbursements that are in the hundreds and even thousands, which are evidenced only on a piece of paper as temporary receipts.
m. Only purchases below P25.00 will be allowed without official receipts but with acknowledgment receipts.
n. Transportation expenses must be reasonable and must be put on top of the Official Receipts of the purchase from which said expense was incurred. Limit the number of the one or those going for purchase.
o. All unreceipted disbursements must be charged against the person who made the purchase. This is to avoid illegitimate and inappropriate disbursements of funds.
p. Receivables from the members and officers must be avoided during the end of the second semester. The risk of not collecting such receivables is too high because of the possibility that some liable members/officers had already graduated, stopped from their studies, or transferred to other schools.
q. Effective Second Semester of the Academic Year 2009-2010, a proper turnover by the predecessor officers to the next set of officers must also be made. Important things must be handed to the new set of officers, including: (a) Important documents such as the Financial Statements, (b) Supplies and Equipment (for future use), and (c) Cash on Hand (if not deposited in the Accounting Office).
r. Advances made by officers must be properly liquidated with official receipts. An acknowledgment receipt must be secured by their treasurer for every disbursement made to the officers, deans, advisers, and/or other persons to avoid the possibility of the occurrence of unaccountable and/or unliquidated advances.
s. Organizations sponsoring a seminar must make a financial report three days after the activity. Financial reports should be backed up by corresponding registration and receipts. In no way must an Adviser or Academic Dean or Governor/President hold an amount out of the seminar. Excess or proceeds from the seminar should be deposited to the Accounting Office immediately.

5. Annual Evaluation of Student Organization

a. **Policies**: USLT thrusts its culture of excellence across all endeavors. For this culture to be sustained, the OSAS implements the following policies on the annual evaluation of student organizations:
    i. All student organizations are subjected to a yearly evaluation by the OSAS chaired by the DSAS.
    ii. All accredited student organizations must meet at least a grade point of 75% to continue to exist as an organization. A failure in the annual evaluation will automatically lead the organization to its provisional status for the

succeeding academic year (See attached rubric).

iii. Student organizations who failed must meet at least a grade point of 80% in the following evaluation. If the organization fails to meet the requirement, its operation shall be suspended for a term but will still be recognized as an accredited organization.

iv. Newly recognized student organizations are of provisional status for a year and are required to qualify in the annual evaluation. A failure in the evaluation will mean repealing the student organization's recognition as duly accredited.

v. Any student organization that fails to submit its evaluation documents will be given provisional status in the succeeding academic year.

vi. Only student organizational activities approved by USLT are considered during the evaluation.

vii. The scores of the student organization in the evaluation shall serve as the basis for recognizing the Outstanding Student Organization for Gold, Silver, and Bronze Awards.

viii. The Outstanding Student Organization shall receive the following incentives:
- ✓ Plaque and Certificate of Merit to the organization
- ✓ Certificate of Merit to the adviser/s

Such organizations, though, may re-apply for accreditation.
- Accredited student organizations must maintain at least fifty (50) members to continue existing. If not met, the said organization will no longer be recognized, though it may re-apply for accreditation once a minimum number of members is met.

b. **Procedures**

i. The student organization submits an annual accomplishment report in electronic and printed copies in the first week of the last month of the academic year. The report includes the following:

CHAPTER VII: STUDENT DISCIPLINE

USLT emphasizes the value of discipline for the realization of its vision and mission and the assimilation of its core values by the employees and students. It shall have the right to promulgate reasonable norms, rules, and regulations deemed necessary and consistent with the Manuals of Regulations for Private Higher Education and other pertinent laws for the maintenance of school discipline.

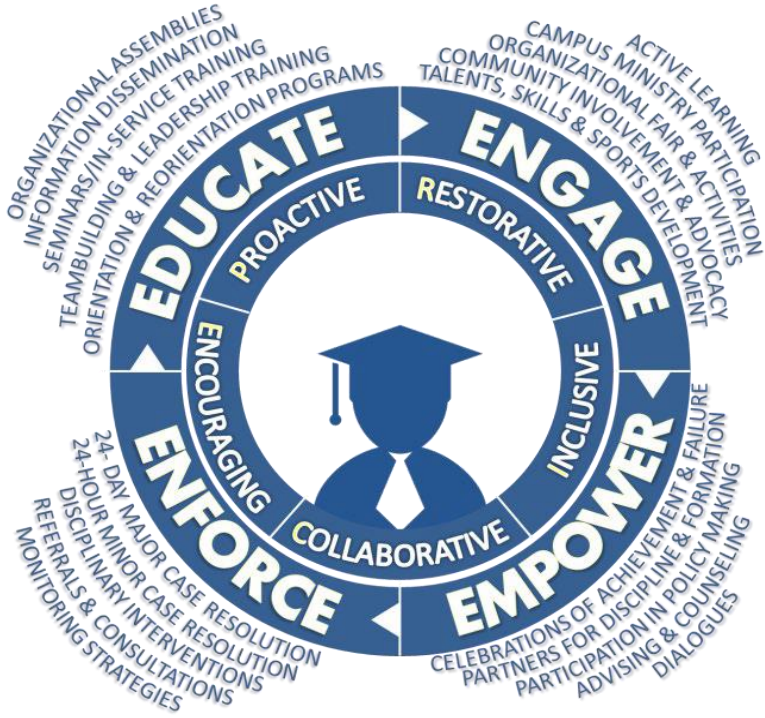

A. STUDENT DUTIES AND RESPONSIBILITIES

Every student shall have the duty to:

1. uphold the Vision-Mission, policies, rules, and regulations of USLT;
2. uphold the constitution and rules emanating from the SUPREME STUDENT COUNCIL;
3. exert his/her utmost efforts to develop his/her potential for service in order that he/she may become an asset to his/her school, family, and society;
4. uphold the academic integrity of the school and endeavor to achieve academic excellence and abide by the rules and regulations governing his/her academic responsibilities and moral integrity; and
5. honor and respect the school and obey the rules and regulations in order to promote and maintain peace and tranquility by exerting efforts to attain harmonious relationships with fellow students, faculty, administrators, and other employees; and exercise his/her rights and responsibilities in the knowledge that he/she is answerable for any infringement or violations of the public welfare and the right of others, especially in the exercise of the rights of expression and publication.

B. LOUISIAN POSITIVE DISCIPLINE FRAMEWORK (LPDF)

Louisians always remain at the center of the educative process of USLT. USLT commits to gird the Louisians with the competencies to have better chances to compete and be comparable with other graduates/professionals in the Philippines and globally. While academic excellence is USLT's stronghold, it is equally imperative that students are developed and molded with the right precepts and values deeply rooted in their Christian Faith and CICM charism toward whole-person education. Such formation can be further reinforced through the positive discipline framework. It ensures that Louisians are formed with integrity, prudence, and decency towards their dealings with other Louisians, their teachers and administrators, and the community.

The LPDF serves as the guiding light in directing policies, priorities, and programs to ensure that students are given a positive and better outlook that life is indeed full of choices, and for each choice, there are always contrasting and contradicting consequences. Therefore, the Louisian must understand and accept the repercussions of each action. However, the framework is not absolutely punitive but gives an opportunity for the student to redirect his energies and motivations towards changing his actions and behaviors toward what is good and beautiful.

1. **Principles**
   The framework places utmost VALUE on discipline as an important attribute of a Louisian. The value it sets and the PRICE it upholds on discipline are founded on the following principles:

   a. **Proactive –** USLT is cognizant of the ever-dynamic social context of every Louisian and how this context potentially forms one's behavior and outlook. The framework actively understands the context of the Louisians and takes the initiative of coming up with a series of activities and strategies on how the Louisian can acquire positive values and discipline amidst the changing social

environment, not being swayed by negativities but able to cope with the changes and demonstrate better and more admirable values and attitudes.

b. **Restorative** – USLT takes inventory of its policies and actions and rationalizes how to provide opportunities for students to cope positively with any misbehavior/infraction. While university policies may be enforced, they place a human touch on the policy by caring for Louisians to come up with courses of action to evaluate their thought processes, undergo a series of behavior modifications, and develop a more desirable coping mechanism and pleasant values.

c. **Inclusive** –The framework ensures that every Louisian, regardless of his/her socio-cultural demographics, academic performance, personal traits, and individualities, will be provided with opportunities to hone his/her values, behaviors, and attitudes consistent with the precepts of positive discipline framework. It does not discriminate against or give preferential treatment to others but ensures that everyone will participate in the entire spectrum of advocating and developing students consistently within acceptable terms duly cited in the Student Handbook.

d. **Collaborative** – The positive discipline framework will not only be advocated by the OSAS but will also be cascaded to the learning process inside the classroom through teachers and professors and to the different offices. When all stakeholders in USLT uphold and apply the positive discipline framework, it reinforces its application from THEORY to PRACTICE. The collaboration of the different stakeholders in USLT facilitates the mind shift to positive discipline.

e. **Encouraging** – The framework gives Louisians a better appreciation of how USLT values them as persons. While they accept that each action is meted with a consequence, they have a positive outlook in life that, indeed, they have opportunities to change and redirect their actions and become better and more mature individuals. It molds the minds of the Louisians that failure may be inevitable, but what is more important is that one picks the pieces together and develops better coping mechanisms, deeper faith, and dependence on their Christian faith.

2. Approaches

To ensure that the positive discipline framework takes off from the ground and be translated into actions, the OSAS commits to be guided by the following approaches:

a. Educate. A positive discipline framework is absorbed through Louisians' continuous exposure to learning. Louisians will be provided with various

learning opportunities through which they will acquire positive values and better coping mechanisms, among others. Topics of high interest to them will also be re-aligned with the framework, so this will be continuously reinforced as a learning insight. Strategies under this include the following:

i. Orientation and Reorientation Programs
ii. Teambuilding and Leadership Training
iii. Seminars and In-Service Training
iv. Information Dissemination
v. Organizational Assemblies

b. Engage. The OSAS will provide diverse programs, activities, and services through which students can actively participate. Louisians will be given a variety of choices and choose activities that perfectly match their interests, abilities, and commitments. Various opportunities must also be made available where they can showcase their talents and be recognized for being good at them. Strategies in this approach are the following:

i. Talents, Skills, & Sports Development
ii. Community Involvement & Advocacy
iii. Organization Fair & Activities
iv. Campus Ministry Participation
v. Active Learning

c. Empower. Various activities and services may also include the recognition of distinct and exemplary accomplishments/achievements of Louisians and the development of a pool of Louisians who serve as leaders in different endeavors and will also be USLT's partners for discipline and formation, among others. Empowerment may also include providing opportunities for students to take part in the process of planning for the welfare of students, policy-making, and implementation. Providing voices ensures that their welfare is represented, and these are integrated into policies and programs. Thus, in turn, increases their engagement and appreciation of how their voices are valued and given importance. Strategies for this approach are the following:

i. Celebration of Achievement (Non-Academic Awards) & Failure (Growth Sessions)
ii. Partners for Discipline & Formation
iii. Participation in Policy-Making
iv. Advising & Counseling
v. Dialogues

d. Enforce. Positive discipline framework does not disregard consequences but will be further reinforced. However, within the framework, Louisians are given the opportunity to go through a restorative process of redirecting their energies

and fosteriong opportunities to improve themselves and become better individuals. Strategies include the following:

i. 24-Day Major Case Resolution
ii. 24-Hour Minor Case Resolution
iii. Disciplinary Interventions
iv. Referrals & Consultations
v. Monitoring Strategies

The LPDF will be embedded into the lives and formation of Louisians. It gradually grows through time and practice, strengthening the character, commitment, and integrity among Louisians. With the shared participation of all stakeholders - university administrators, teachers, non-teaching employees, students, parents, and the community, Louisians slowly mature into individuals who confidently handle themselves in various aspects of their lives.

Every Louisian slowly pops himself/herself from the ground, weathering all the odds to grow strong and sturdy. Eventually, he/she will blossom into a beautiful flower, every petal signifying how he/she is honed – proactively, restoratively, inclusively, collaboratively, and encouragingly. As he/she is born out of integrity, prudence, and excellence, he/she is transformed into a wonderful flower for the public to recognize, emulate, and respect. The LPDF undoubtedly radiates to the paths every Louisian will take, and it will eventually show how CICM values and charism have been inculcated into the being of every Louisian. The end result becomes the positive impact of USLT's commitment to the holistic development of every Louisian.

C. ON CAMPUS DISCIPLINE

1. Attendance

a. USLT considers regular attendance and punctuality in all classes to be among the most important obligations of the students. It assumes that every student has come to USLT for the purpose of using all the opportunities and facilities offered by the university. Regular attendance, therefore, in all classes is obligatory.

b. The Office of the Prefect of Men and Women regularly informs parents of students through calls/e-mails/letters and individual conferences. This is a special service aimed towards the proper guidance of the students' life in USLT.

c. A student is required to attend class regularly from the first day of the scholastic term, as noted in the school calendar. Classes missed by late enrollee or due to

late enrollment shall be considered as absences.

d. A student who incurs absences of more than 20% of the prescribed number of class or laboratory periods during the term (semester or summer) shall be given a mark "Dropped" and given no credit for the course or subject (MORPHE, 2008, Art. 221, se. 101). However, a consideration may be granted by the DSAS in coordination with the Academic Dean for meritorious cases.

e. The maximum number of absences are the following:
In a 5-unit course - 17 hours
In a 4-unit course - 13 hours
In a 3-unit course - 9 hours
In a 2-unit course - 6 hours
In a 1-unit course - 3 hours
   - A student who has been absent for three (3) class periods shall not be allowed to re-enter the class without an admission slip duly signed by the OSAS and the Guidance and Counseling Office. These absences need not be consecutive.
   - After another two (2) hours of absences, the instructor submits again the class card to the Office of the Prefect of Men/Women. Parents or guardians of the students will be informed through calls/e-mails/letters and individual conferences after the fifth absence of the students.
   - After accumulating 10 hours of absences, the class card is again submitted to the Office of the Prefect of Men/Women, and if necessary, confers with the Academic Dean concerned to deliberate whether the student deserves another chance or not.

f. A student is held responsible for lectures and assignments missed due to absences.
g. A student who misses a quiz due to an unexcused absence will not be given credit for that quiz.
h. A student who leaves the class with permission after the prayer and does not return or returns only near the end of the period is considered absent. A student who leaves without asking permission is marked absent.

2. Tardiness

a. Students are marked "late" if they arrive after the opening prayer but within the first 15 minutes of the class period. A student not present in the class within the first 15 minutes of the period is considered absent. However, he/she will still be allowed to attend the rest of the period.
b. In case the instructor does not arrive within the first 15 minutes of the period, a student of the class should inform the Academic Dean concerned and wait for

the Academic Dean's permission before the class is dismissed.

c. The attendance of students during convocations and special assemblies is required. Absence from such activity will be recorded as an absence from the class period, which otherwise would have been held.

3. Class Excusal Policy

a. Student's absences may be excused or unexcused.
b. All absences, whether excused or unexcused, shall be recorded in the student's class card.
c. A student with excused absences shall be given an opportunity to complete alternative learning tasks in lieu of missed activities.
d. The following are valid reasons for excused absences:
    i. For automatic excusal of absences
        - Sickness of the student
        - Death of a member of the student's immediate family
        - Official business (OB) which refers to activities of student organizations sponsored by an academic unit or the OSAS where the student is an organizer and/or direct participant: seminars, competitions, departmental days, etc.
        - Subpoena for court appearance
        - Force Majeure
    ii. For case-to-case excusal of absences
        - Serious sickness of a member of the student's immediate family
        - Religious holidays and/or church activities where student's direct involvement is required not beyond two (2) days
        - Processing of entrance requirements for military/police academy not beyond three (3) days
        - Processing of embassy requirements not beyond two (2) days

e. Other excuse reasons not articulated herein shall consider the student's absence unexcused; thereby, no opportunity for alternative learning tasks shall be given as a replacement for the missed activities.
f. A student shall NOT be given a mark of "dropped" due to absences considered OB as such are not counted in the maximum allowable hours prior to dropping. Refer to provision on "ATTENDANCE" for the maximum number of absences.
g. Excusal due OB; subpoena for court appearance; processing of embassy requirements not beyond two (2) days; processing of entrance requirements for military/police academy not beyond three (3) days; and religious holidays and/or church activities where student's direct involvement is required not beyond two (2) days shall be communicated a week prior non-attendance to class.
h. Excusal due to other reasons shall be secured and presented to the subject

teacher/s upon reporting to school/class.

i. A document to validate reasons for absences shall be attached to the class excusal slip.
    i. For sickness - medical certificate signed by the University Physician or the University Nurse and/or Personal Physician
    ii. For death of the member of the immediate family - death certificate
    iii. For organizational and departmental activities - approved conduct of the activity
    iv. For religious holidays/activities - letter from the parish priest, pastor, and/or religious leader
    v. For court appearance - photocopy of the subpoena
    vi. For force majeure - certification from the Barangay Captain and/or letter of parents
    vii. For processing of entrance requirements for military - letter from the agency
    viii. For processing of embassy requirements - definite schedule of appearance

4. Procedures on Student's Class Excusal

1. Secure three (3) copies of the class excusal slip from the OSAS.
2. Fill out the class excusal slips.
3. Submit the slips duly noted by the Academic Dean to the DSAS for approval.
4. Furnish a copy of the approved class excusal to the concerned instructor.

5. Identification Card

It must be properly worn by the students within the campus during the semester and short term.

6. Entrance to the Campus

The college, JHS, SHS, and elementary gates are the four main entrances to the main school campus. The gymnasium gate is open only for gymnasium activities. The gate leading to the Pope John Paul II building is used for students with classes in the said building.

7. University Facilities and Equipment

These are aids to both classroom efficiency and self-discipline. Students do themselves and others a disservice when they have no concern for the care and maintenance of USLT facilities and equipment.

8. Students' Problems and Flow of Communication

Students' requests, inquiries, or complaints should be reported to the OSAS through the Incident Report Form for Students. The OSAS forwards the report/s to the concerned offices. Anonymous reports are, as a rule, not entertained.

9. Public Conduct and Decorum

Louisian students ought to be ladies and gentlemen; therefore, they should:

In no case should students use offensive dress, logos, designs, or texts on their shirts. The uniform is to be used only for school functions; it must not be worn in places or for activities that cannot be identified with the school.

a. **LADIES:** Mondays, Tuesdays, Thursdays, & Fridays – Dark blue skirt, short sleeves with black, heeled, closed shoes
b. **GENTLEMEN:** Mondays, Tuesdays, Thursdays, & Fridays - Dark blue slacks, white polo with embroidered logo, black shoes, and black socks
c. **On Wednesdays & Saturdays,** students may wear any attire that is in adherence to USLT's Dress Code Policy. The use of USLT/Departmental/Organizational shirts during the said days is encouraged.

A Special Uniform Exemption Pass may be obtained from OSAS by concerned students involved in fieldwork activities.

11. Proper Grooming

Grooming and personal appearance are essential; therefore, it is expected that students dress in such a manner that will ensure health and safety and not detract from the learning environment. Furthermore, dress and personal appearance are not to be disruptive or interfere with the educational interest and welfare of the students or the purpose of education.

   vi. Putting of visible/exposed tattoos. Students with tattoos even earlier than admission in the university must execute an Affidavit of Undertaking not to add to any existing tattoo/s while in USLT. This shall be secured from the OSAS.

12. Observance of Kaibigan ng Kalikasan Program (KKP)

Educated behavior demands attention not to litter on the grounds but to dispose of waste materials in the appropriate trash bins and waste baskets.

13. Snacks and Meals

They are taken in the canteen and therefore are out of place in the classroom, library, and corridors.

14. Class Party

Classrooms are for approved purposes, primarily for teaching and learning activities. Class parties, birthday songs, and the like are discouraged in consideration of official time and to prevent undue disturbance of other classes.

15. USLT is a "No-Smoking" Campus

Smoking in any form in any of the places within the campus is prohibited.

16. Parking and Off-Limits Signs

Subject to the availability of parking space, only motorcycle owners with motor passes and proper helmets shall be allowed to enter USLT.

17. Parking Area for Single Motors of Students with Motor Pass

It is allowable on a *first-come, first-served* basis due to very limited space.

18. Unauthorized Ticket Sales and Contributions

Compulsory selling of tickets and the practice of exacting contributions from students for whatever purpose are prohibited. Permission to solicit contributions must be obtained in writing from the University President; otherwise, it will be considered against regulations and will be dealt with accordingly.

19. Unauthorized Sale of Instructional Materials

USLT maintains a policy that no employee may be directly or indirectly involved in the selling of books or other instructional materials. A faculty may recommend textbooks or instructional materials, and upon endorsement of the Academic Dean and approval of the Office of the University President, purchase and sale shall be coursed through the Accounting Office.

Special Note: All fund-raising activities approved by the Members of the Administration for purposes of improving facilities and services to students, with due consultation and information to all sectors of the Louisian community, may be made compulsory.

20. During Examinations

As a general policy, students who cheat in any assessment task will automatically get a score of zero.

21. Classroom Behavior

Effective classroom discipline is a means to improve the academic and educational environment of USLT.

a. The official class period is the academic forum to which each USLT student is rightfully entitled to all justice by the fees he/she pays to USLT. Class periods are spent only on activities relevant to the subject matter.
b. Students should not bring non-bonafide students to the campus and certainly not attend a class period.
c. Class hours cannot be utilized for co-curricular and extra-curricular activities or any other organizational meeting or function.

d. The school, its administrators and teachers, or the individual, entity, or institution shall have special parental authority and responsibility over the students while under their supervision, instruction, or custody.
e. Authority and responsibility shall apply to all authorized activities, whether inside or outside the premises of the school, entity, or institution (Art. 2018, Chapter 2, Family Code).

22. On Field Trips and Excursions

The student realizes that legitimate recreations and social settings hold a place in his/her life. He/she also realizes that his/her privilege brings about responsibilities, so:

a. Full responsibility for such off-campus activities shall be assumed by the organizers. They shall inform the school authority of the proposed activity and submit a waiver signed by their parents;
b. Instructions given by the organizers must be observed;
c. Regulations required by the place visited must be observed; and

1. The student must be informed in writing of the nature and cause of any accusation against him and required to answer the accusation in writing. If the student is a minor, the parents or guardian shall be furnished with a copy of the show cause letter;
2. If the student denies the accusation or alleges some fact or matter in justification or mitigation of the offense, the university shall convene the Committee on Student Discipline to hear and receive evidence;
3. In all stages of the proceedings, the student shall have the right to assistance of a counsel of his/her own choice;
4. The student shall have the right to listen to and examine evidence presented to him/her, to ask clarificatory questions through the Committee on Student Discipline, and to present evidence on his/her behalf;
5. As a matter of proceedings in USLT, the Committee on Student Discipline submits a recommendation to the Office of the University President for approval;

6. The student shall be informed in writing of the decision promulgated in his/her case; and
7. Disciplinary intervention/s imposed shall be commensurate with the nature and gravity of the offense.

E. THE COMMITTEE ON STUDENT DISCIPLINE

It receives and reviews evidence of any reported violation of USLT's Code of Student Discipline. Its objectives are geared towards resolving problems in a fair and just way for peace and harmony among all.

   b. He/she must not have been reported or sanctioned by USLT for any infraction.

F. THE APPEAL OR REVIEW COMMITTEE

It is composed of three (3) members to be recommended by the DSAS for approval of the University President.

G. CATEGORIES OF DISCIPLINARY INTERVENTIONS

According to the Manual of Regulations for Private Higher Education of 2008, the administrative penalties that may be imposed upon a student in conflict with school policies for the commission of any **serious offense or violation** of institutional disciplinary rules and regulations are provided and categorized as follows:

1. Suspension

It is a disciplinary intervention that allows the institution to deny the student in conflict with school policies from attending classes for a specified period.

2. Non-Readmission

It is a disciplinary intervention that allows the institution to deny admission or enrollment of a student in conflict with school policies for the semester/short term immediately following the semester when the resolution or decision finding the student guilty of the offense charged and imposing the disciplinary intervention of non-readmission was promulgated. Unlike the disciplinary intervention of exclusion, the student is allowed to complete the current semester/short term when the resolution for non-readmission was promulgated.

3. Exclusion

It is the non-readmission or discontinuation of a student's enrollment in USLT for just cause subject to due process. Transfer credentials of the student in conflict with school policies shall be issued accordingly.

4. Expulsion

It is a disciplinary intervention wherein the institution declares a student in conflict with school policies disqualified for admission to any public or private higher education in the Philippines. In any case, the disciplinary intervention of expulsion cannot be imposed without the approval of the Chairman of the Commission on Higher Education (CHED). This disciplinary intervention may be imposed for acts or offenses involving moral turpitude or constituting gross misconduct, which are considered criminal pursuant to existing laws.

H. OTHER DISCIPLINARY INTERVENTIONS

USLT may also impose the following disciplinary interventions as provided by the College Student Handbook:

a. Invalidation of quiz, examination, term paper, or any other class work
b. Warning and reprimand

Further, this is also an intervention for a student involved in a premarital relationship resulting in pregnancy. The application for a LOA commences at the start of her pregnancy for safety reasons and maternal care. Furthermore, she may apply for homeschooling during her LOA. The student on LOA may opt to enroll in USLT after

completing the LOA and compliance with school requirements.

2. Financial Restitution/Payment of Damages
It is a disciplinary intervention whereby the student in conflict with school policies will pay for the damages or any material lost to the institution or members of USLT.

3. Non-Attendance to Graduation Ceremonies and Parents' Night
It is a disciplinary intervention whereby the student in violation of school policies where disciplinary intervention imposed is greater than suspension and who is graduating during the semester/short term is not allowed to attend the Graduation Ceremonies and/or Parents' Night. However, the student is still allowed to graduate.

4. Academic Service
It is a disciplinary intervention whereby the student in conflict with school policies is provided with an opportunity to see first-hand the indirect consequence/s of his/her actions; thus, letting him/her realize his/her accountabilities.

I. RESTORATIVE SANCTION THEMES

A student accorded with the restorative justice practices for a particular violation may also undergo the following restorative sanction themes: writing a letter of apology, counseling, parent conference, formation seminars, and approved community service as determined by the Committee on Student Discipline. If a case is resolved by one of the above-mentioned means, a Restorative Conference will be held as mediated by the OSAS and upon agreement of all parties.

The proceedings have to be evaluated by the student and his/her parents/guardians as a form of feedback mechanism.

OFFENSES

The offenses, which are deemed contrary to the student code of discipline and deviation from the Louisian core values, are stated, together with their respective disciplinary intervention, for the guidance of all students of USLT. Offenses are classified as minor and major.

1. MINOR OFFENSES

Definition: Violations that may come under this classification are those:

i. That do not involve serious injury or harm
ii. Lacking evidence of malice or premeditation

iii. With little or no severe negative implications for USLT or its members
iv. Which are uncontested by the erring student
v. Resolved by one of the following means:
   - Dispute resolution as mediated by the OSAS and upon agreement of all parties
   - Adherence to the terms of a behavioral contract
vi. Violations deemed "minor" are recorded in a student's name but do not prevent them from receiving a clean Certificate of Good Moral Character. Repeated minor violations, however, may constitute the basis for filing a major offense against the student or serve as an aggravating factor in the evaluation and processing of subsequent misbehavior.

Specific Minor Offenses: Below are minor offenses. These minor offenses are NOT limited to the following:

a. UNIFORM/ID-RELATED
- Not showing of ID card to person in authority
- Improper use of ID
- Non-wearing of ID inside the campus

	2	Letter of Apology/ Promissory Note
	3	Circles and Restorative Conferences
	4	Behavioral Contract

24-Hour Case Resolution of Minor Offenses:

i. The OSAS confiscates the student's ID card and gives advice so the student will not repeat the offense. His/her commission of the minor offense will now form part of the student records in terms of discipline.

ii. For failure to claim his/her ID card within 24 hours:
   - In case the validity of the slip expires, the guard on duty accompanies the student to the OSAS for assessment of the compliance of the student. If compiled, the ID card will be returned, but a warning will be issued, considering that the student has disregarded the 24-hour notice and failed to comply accordingly.
   - As part of classroom management, teachers are advised to check on the ID card of students. Should the students have no ID and no slip at hand, students must be immediately referred to the OSAS.
   - As a general rule, a warning will be issued to the student upon expiration of the 24-hour notice. This can escalate to a major offense since it is disregards orders from the disciplining authority.

iii. For the consecutive or non-consecutive commission of up to five (5) times of different nature or of the same nature of minor offenses, this will automatically be considered a major offense sanctioned by suspension to non-readmission.

2. MAJOR OFFENSES

a. Definition: Violations that may come under this classification are those:

i. That warrants a more severe penalty of suspension up to dismissal/expulsion;
ii. With serious negative implications for USLT or its members
iii. Resolved by one of the following means:
- Dispute resolution as mediated by the OSAS and upon agreement of all parties
- Conference and case deliberation with both parties involved
- Desistance of the complaint

iv. Violations deemed "major" are recorded in a student's name and shall still be issued a Certificate of Good Moral Character with any of the following remarks:
- Recommended with reservation
- Not recommended

K. NETIQUETTE GUIDE FOR STUDENTS

As USLT embarks on flexible learning, where most of the students have opted to use the blended and full online modalities, it is but necessary that all those who chose these modalities be guided in their behavior in using online platforms and facilities and communicating and interacting with others online. As the classroom is now online or in the "cloud", appropriate behaviors and manners are expected of every Louisian student who interacts with their classmates, teachers, employees, and administrators of USLT. While this netiquette is more applicable for those who are enrolled in the online modalities, these are equally important to the other Louisians who are officially enrolled. The following are important provisions of this netiquette:

g. Limit or avoid the use of emoticons like :) ;
h. Be guarded when using humor or sarcasm, as the tone is sometimes lost in an e-mail or discussion post, and your message might be taken seriously or sound offensive; and
i. Be careful with sharing personal information (both yours and others) unless you ask for permission first.

3. **E-MAIL**: *When you send an e-mail to your classmates, teachers, employees, and administrators of USLT:*

   b. Be brief in your message;
   c. Send attachments if you are sure your recipients can open them;
   d. Sign your message with your name and return e-mail address;
   e. Think before you send the e-mail to more than one person. Consider if everyone needs to see your message;
   f. Be sure you certainly want everyone to receive your response when you click "reply all";
   g. Make sure that the message the author intended for the information is to be passed along before you click the "forward" button;
   h. Acknowledge messages sent in your e-mail by your classmates, teachers, employees, and administrators of USLT; and
   i. As a general rule, do not send confidential information via e-mail.

4. **ONLINE DISCUSSION & FORA**: *When posting on the Discussion Board/Forum in your online class, please:*

   g. Include a reason when you agree to an idea or add to the previous point;
   h. Always be respectful of others' opinions even when they differ from yours;

i. Express your differing opinion in a respectful, non-critical way when you disagree with someone;
j. Exercise empathy when you post your remarks;
k. Be open-minded, as no one is absolutely right or wrong in any discussion; and
l. As discussion fora are formal, do not include personal remarks.

5. **SYNCHRONOUS ONLINE LEARNING:** *When engaging in online learning at the same time, such as video conferences, interactive webinars, chat-based online discussions, and lectures, always observe the following:*
   a. Be on time, but better log in ahead of time to be able to resolve possible technical issues.

Every private HEI shall have the right to promulgate reasonable norms, rules, and regulations it may deem necessary to maintain school discipline. Such rules shall contain an enumeration of specific offenses and their corresponding penalties (**Authority to promulgate Institutional Policies, Rules, and Regulations, Section 103, Manual of Regulations for Private Higher Education of 2008**).

Further, USLT shall be guided by the following standards as a requirement of due process in student disciplinary cases:

2. The respondent should have been granted the right to answer the charges against him or her;
3. The respondent should be informed of the evidence against him or her;
4. The respondent should have given the right to adduce evidence on his or her behalf;
5. The evidence should be considered by the Committee;

d. Any other acts analogous to, or with the same effect as the above.

The above classification does not make a distinction as to whether or not the respondent obtains sexual favor, request, or demand. If he succeeds in obtaining sexual favor, demand, or request, this shall aggravate the offense and will warrant the next higher disciplinary intervention (e.g., if the act committed constitutes Light Cases, the disciplinary intervention shall be that imposable for Less-Grave Cases). The same rule applies when the respondent takes advantage of his authority, influence, or moral ascendancy in committing the act of sexual harassment.

Any person connected with USLT as an administrator, employee, or a student who directs or induces another to commit any act of sexual harassment or cooperates in the commission thereof without which the act of sexual harassment would not have been committed or cooperates in the commission of sexual harassment through previous or simultaneous acts shall be held accountable under this Implementing Rules.

Other Sexual Harassment-Related Offenses

In addition to the above, the following acts related to sexual harassment may be administratively disciplinary intervention under the provisions of the Implementing Rules:

a. To retaliate against a person who reports an alleged incident of sexual harassment or who testifies, assists, or participates in any proceeding, investigation, or resolution of a sexual harassment report. Retaliation includes,

but is not limited to, threats, intimidation, reprisals, and/or any adverse action related to employment, education, or a business decision;

b. To make a false complaint/report of sexual harassment or to provide false information regarding a complaint/report of sexual harassment;
c. To blemish the honor or reputation of any member of the USLT community by causing intrigue involving sexual harassment or spreading rumors about a person's sexual activities; and
d. To violate the confidentiality of sexual harassment proceedings.

Administrative Disciplinary Interventions

The following administrative disciplinary interventions shall be imposed on the respondent who was proven, on the basis of substantial evidence, to have committed an act of sexual harassment.

Classification of Sexual Harassment	**Disciplinary Intervention for Erring Employee**	**Disciplinary Intervention for Student in Conflict with School Policies**
GRAVE CASES	Dismissal from Employment on the first offense	Exclusion on the first offense
LESS GRAVE CASES		
1st Offense	Suspension for a period not exceeding 15 days	Suspension for a period not exceeding 15 days
2nd Offense	Suspension for a period not exceeding 30 days	Suspension for a period not exceeding 30 days
3rd Offense	Dismissal	Exclusion
LIGHT CASES		
1st Offense	Verbal reprimand and written warning	Verbal reprimand and written warning
2nd Offense	Suspension for a period not exceeding 15 days	Suspension for a period not exceeding 15 days
Subsequent Offenses	Suspension to Dismissal	Suspension to Exclusion
OTHER SEXUAL HARASSMENT-RELATED OFFENSES	Depending on the nature of the act or its gravity or seriousness, the following administrative disciplinary interventions shall be meted out: Outright Dismissal or Suspension not exceeding 30 days for the first offense and Dismissal on subsequent offenses.	

Procedure

1. Complaints involving acts constituting sexual harassment may be filed directly with any of the following offices:

a. Office of the VP for Administration
b. Human Resource Management and Services (HRMS)
c. Office of the DSAS
d. Dean's Office/Principal's Office/Head of Office

The receiving officer shall provide all possible support services to the complainant. All complaints of sexual harassment should be treated with utmost confidentiality and with paramount consideration of the interest of the complainant.

2. Upon receipt of the complaint, the receiving officer must refer the matter to the Office of the VP for Administration, who shall thereafter furnish the respondent a copy of the complaint and direct him to file his/her answer within 72 hours from receipt of the directive.
3. With the agreement of both parties, the receiving officer and the VP for Administration may attempt to resolve the complaint/report through alternative dispute resolution processes (e.g., mediation or conciliation). If the parties agree to amicably settle the matter, their agreement must be reduced into writing. On the other hand, if the parties do not agree thereto, the complaint shall immediately be referred to the Office of the University President for the constitution of the Committee on Personnel Discipline.
4. Within five (5) days from receipt of the directive from the University President to conduct a fact-finding investigation, the Committee on Discipline shall schedule an initial conference with the complainant/s and the respondents to apprise them of the basic procedural rules for the conduct of the investigation.
5. On the same occasion, the Committee shall inform, in writing, the complainant and the respondent of the time, date, and venue of the formal investigation. The interval between the initial conference and the formal investigation should not be less than five (5) days to enable the complainant and respondent to prepare.
6. During the formal investigation, the following procedural rules shall be observed:
7. The factual issues to be resolved by the Committee shall only be limited to those alleged in the Complaint. For this reason, the complainant cannot present evidence on issues that are not tackled in the Complaint. In the same manner, the respondent can present evidence to support the allegations in the Answer but not on matters not mentioned therein. The Committee may stop the presentation of evidence not tackled in the Complaint and in the Answer. For this purpose, concerned parties have the right to demand a copy of the Complaint and/or Answer;
8. The complainant has the burden of proving the veracity of his/her allegations. His/Her failure to establish the guilt of the respondent through substantial evidence will result in the dismissal of the case. On the other hand, the respondent has the right to rebut the allegations of the complainant by presenting his/her own evidence;
9. Since the proceedings being undertaken are administrative in nature, no direct

confrontation or cross-examination of witnesses will be allowed. The parties, however, may be allowed to submit suggested written clarificatory questions that the Committee may propound to the party/witnesses;

10. The failure or refusal of either or both parties to appear before the Committee to present their respective evidence constitutes a waiver, unless there is justifiable cause;
    a. The parties should refrain from communicating with any of the witnesses before, during, and immediately after they have deposed their testimony before the Committee. The parties and the witnesses are bound to keep the confidentiality of the proceedings;
    b. It is the duty of the parties to submit the list of witnesses to the Committee. Thereafter, it becomes the duty of the Committee to notify the witnesses on the date of the reception of their statement. However, because it is important that every effort be made to keep the incident confidential, the Committee shall exercise its sound discretion in determining which witnesses are indeed necessary to the investigation;
    c. The Committee, on its own, may call on other resource persons for additional information or verify information from files available in the different offices of USLT;
    d. The parties bind themselves to respect the decision/s of the Committee pertaining to the conduct of the investigation. Any objection on the manner by which the Committee is handling the investigation must be reduced into writing and submitted to the Office of the University President for its consideration;
    e. The parties understand that members of the Committee are bound by the rules on confidentiality and are expected to be impartial. The parties, therefore, should refrain from communicating with any of its members on matters related to the case during the pendency of the investigation; and
    f. At any stage of the proceedings, the respondent may seek the assistance or advice of a counsel. His/Her counsel, however, is not allowed to directly participate in the proceedings.
11. Within 20 days from the termination of the investigation, the Committee shall render its written report to be submitted to the Office of the University President.
12. The University President shall then review the findings and recommendations of the Investigation Committee. If the acts of the respondents warrant warning/reprimand, he/she shall direct the VP for Administration to issue a written warning to the respondent immediately. The duly received written warning shall be placed in the employee file in the HRMS or in the student's file in the office of the DSAS. On the other hand, if the University President opts to dismiss the case, the VP for Administration shall also be directed to prepare the corresponding communication to the parties.
13. If the acts of the respondents merit dismissal or suspension, the University President shall constitute the Arbitration Committee composed of the four Vice

Presidents. The Committee Chair shall then inform the respondents of the findings of the Committee on Investigation and direct him/her to explain in writing within a period of at least five (5) days from receipt of the directive why he/she should not be suspended/dismissed. On the basis of the written explanation of the respondent, the Arbitration Committee will decide whether or not to suspend/dismiss him/her. If warranted by the circumstances, the Arbitration Committee may conduct further hearings.

The decision of the Committee, whether for or against the respondent, may be appealed by the concerned parties to the Office of the University President. The decision of the University President shall be final and executory.

Preventive Suspension

If the Committee on Personnel Discipline finds a strong probability that the respondent might exert undue influence or pressure upon the complainant and/or the witnesses or tamper with documents or evidence that are accessible to him/her, it shall recommend to the University President that the respondent be placed under preventive suspension. The suspension period shall not exceed 30 days.

During the period of preventive suspension, the salary and other benefits of the respondent-employee shall be withheld, and he/she shall be barred from performing his/her duties and responsibilities. The period of preventive suspension may be extended beyond 30 days, in which case, the respondent shall be paid his/her salary and other benefits. If the respondent is a student, he/she shall be barred from entering the campus during the period of preventive suspension.

If, after investigation, it is established that the respondent-employee is not guilty of the charge/s, he/she shall forthwith be paid his/her salaries and other benefits withheld during the time he/she was placed under preventive suspension. He/She shall also be allowed to perform his/her duties and responsibilities. In the case of students, if he/she is absolved of the charge/s, he/she shall be allowed admittance to the university campus and shall be given sufficient opportunity to make up for quizzes, tests, and other requirements missed during his/her preventive suspension.

Criminal/Civil Prosecution

The meting out of administrative disciplinary intervention to the respondent does not bar the complainant from filing the corresponding criminal and/or civil action/s in the proper court/s.

Romantic Relationships

Romantic relationships between employees and students who are both single, especially when the former directly supervises the education or training of the latter, are strongly

discouraged. On the other hand, romantic relationships involving married employee with another employee or student, married or not, shall be dealt with in accordance with the Code of Discipline for USLT Employees or the USLT College Student Handbook.

Public display of intimacy (PDl) within the campus is prohibited. If the PDI is committed outside of the campus by individuals who are in their USLT uniform, they shall be dealt with in accordance with the Code of Discipline for USLT Employees or the USLT Student/Pupil's Handbook.

Repealing Clause

This Implementing Rules supersedes all policies, circulars, and memoranda earlier issued, which are inconsistent with the above provisions.
In the event that a provision/s of this Implementing Rules is/are amended or revised by subsequent policies, circulars, or memoranda or repealed by provisions of law, the remaining provisions shall not be affected and remain valid and enforceable.

Reservation Clause

USLT, in the exercise of its sole and exclusive prerogative, reserves the right to amend, revise, or altogether set aside this policy. Subsequent amendments or revisions, however, shall not take effect until after reasonable dissemination to all affected and concerned sectors is undertaken.

Effectivity Clause

This Implementing Rules shall take effect on the first day of the second semester of the Academic Year 2013-2014. To ensure its maximum dissemination to the USLT community, a copy of this Implementing Rules must be posted on the different bulletin boards in the university and, if practicable, must be annexed to the Student's Handbook and Employment and Administrative Manual for Academic and Non-Academic Employees.

The disciplinary intervention of prison mayor in its minimum period (6 years and one day to 8 years) if in consequence of the hazing the victim shall have been ill or incapacitated for the performance on the activity or work in which he was habitually engaged from one (1) to nine (9) days, or that the injury sustained shall require medical assistance for the same period.

citizen's army training organization, may impose the appropriate administrative disciplinary interventions on the person or the persons charged under this provision even before their conviction. The maximum disciplinary intervention herein provided shall be imposed in any of the following instances:

e. when the victim is below twelve (12) years of age at the time of the hazing.

Any person charged under this provision shall not be entitled to the mitigating circumstance that there was no intention to commit so grave a

wrong.

This section shall apply to the president, manager, director, or other responsible officer of a corporation engaged in hazing as a requirement for employment in the manner provided herein.

APPENDIX G:
Policies and Guidelines on Educational Tours and Field Trips of College and Graduate Students

In accordance with the pertinent provisions of Batas Pambansa Bilang 232, Republic Act (R.A.) 7722, otherwise known as the Higher Education Act of 1994, states that "The State shall exercise reasonable supervision over all higher education institutions," and pursuant to Commission en Bane Resolution No. 122- 2012 dated June 11, 2012, the following policies, guidelines, and procedures are hereby adopted:

ARTICLE I STATEMENT OF POLICIES

Section 1. It is the policy of the state to create and sustain a complete, adequate, and integrated system of education relevant to the needs of the people and society. In line with this, higher education's contribution to boosting tourism and generating more employment is recognized towards the attainment of the goals of human development.

Section 2. It is also the policy of the state to continuously promote the law to restrain certain acts of public officers and private persons alike which constitute graft or corrupt practices or may lead thereto.

ARTICLE II COVERAGE

Section 3. These policies and guidelines shall cover the educational tours and/or field trips in the Philippines duly required in the approved curriculum of authorized higher education programs of both public and private HEIs. These shall apply to all higher education students and faculty duly authorized by the concerned HEI to handle educational tours and/or field trips. Other trips to be conducted after the student has graduated are not covered by these policies and guidelines.

Section 4. For purposes of this CMO, the terms below are defined as follows:

Educational Tour - an extended educational activity involving the travel of students and supervising faculty outside the school campus, which is relatively of longer duration, usually lasting for more than one day and relatively more places of destination than a field trip;

Field Trip - an educational activity involving the travel of students and supervising faculty outside the school campus but is of relatively shorter duration, usually lasting for only one day and with fewer places of destination.

ARTICLE III OBJECTIVES

Section 5. This set of policies and guidelines aims to rationalize the Conduct of Educational Tours and/or Field Trips among Higher Education Institutions (HEIs) in order to:

5.1. provide access to efficient and interactive learning of students through meaningful educational tours and/or field trips as required in their program requirement embodied in the approved curriculum; and

5.2 ensure that all HEIs provide quality educational tours and/or field trips relevant to the acquisition of the necessary knowledge, skills, and values for student welfare and development.

ARTICLE IV ACADEME-INDUSTRY LINKAGE

Section 6. Educational Tours and Field Trips, in general, are part of the curriculum enhancement, hence, broaden the students' learning opportunities and a feel of the real world, and therefore serve as a powerful motivator to strengthen the academe-industry linkage. HEIs should develop creative academe-industry linkage plans appropriate to degree program requirements.

ARTICLE V STUDENTS

Section 7. Higher education students are considered as young adults; thus, they shall assess their capability to undertake such educational tours and/or field trips. HEIs shall require the concerned students to submit a medical clearance before allowing them to join the given educational tours and/or field trips. The medical clearance must be issued by the concerned HEIs as part of their free services to the students.

Section 8. For students who cannot join the educational tours and/or field trips, they shall be given parallel school activity, which provides similar acquisition of knowledge of the required practical competencies and achieves other learning objectives. Learners with special needs, such as Persons with Disabilities (PWDs), shall be given due consideration.

Section 9. For students undergoing internship, practicum, or on-the-job training program, the same shall be governed by CHED Memorandum Order No. 23 s 2009 "Guidelines for Student Internship Program in the Philippines (SIPP) For All Programs" with practicum subject. Educational tours and field trips shall not be made as substitutes for a major examination for the purpose of compelling students to participate in educational activities not otherwise compulsory.

ARTICLE VI DESTINATION

Section 10. As much as practicable, the destination of educational tours and/or field trips **should** be near the concerned HEI in order to minimize cost. Be guided by CMO 11, s. 1997 for the places they should visit among others, the registered museums, cultural sites, and landmarks which should be in line with the objectives of the educational tours and/or field trips.

Section 11. When the educational tours and/or field trips require additional cost on the part of students, prior consultation with concerned students shall be undertaken as much as possible. Hence, all this information shall form part of the Student Handbook so that the same shall be explained during the General Orientation of Freshmen before the start of classes, including the details of the educational tours and/or field trips.

Section 12. Whenever necessary for the safety and convenience of the touring party, advance and proper coordination with the local government units with appropriate clearance from the concerned government and non-government offices shall be secured before the scheduled dates of the educational tours and/or field trips.

ARTICLE VII

ROLES OF THE HIGHER EDUCATION INSTITUTIONS

Section 13. HEIs shall implement the appropriate educational tours and/or field trips in accordance with the specific degree program requirements.

Section 14. Briefing and debriefing programs shall be undertaken by the concerned HEI before and/or after the educational tours and field trips. Debriefing program should include reflection of the learning experiences duly documented in the learning journal.

Section 15. As part of the Curriculum/course, a Proto-type Observation Guide during educational tours and/or field trips must be required and be accomplished, giving emphasis on the relevant competencies and lessons learned from the stated trips. An assessment of learning outcomes must also be accomplished following the institutional policy on the grading system.

Section 16. HEIs shall inform the CHEDROs on the nature of the educational tours and/or field trips, including purpose, schedule, destination, and cost, and submit a report on the matter to the CHED Regional Offices concerned at least one (1) month before the opening of classes for every academic year. HEIs' report should include, among others, the filled-in undertaking form that the field trip is not conducted to unduly benefit or accommodate any of the establishments enumerated in the list owned by an HEI or employee or by an owner who is a relative within the third civil degree of consanguinity or affinity to an HEI owner or employee having any involvement in the conduct of educational tours and/or field trips. In turn, all CHEDROs are hereby directed to consolidate these reports of the HEIs within their respective jurisdictions and submit the same to the Executive Office (Attention: The Director, Office of Student Services).

Section 17. In the event that tour guides will be utilized, only accredited Tour Operators and Tour Guides from the Department of Tourism (DOT) shall be engaged by the HEIs. To ensure the quality and professional conduct of tours, only travel and tour operators and tour guides accredited by the Department of Tourism should be engaged by the HEIs (a list of DOT-accredited tourism enterprises can be obtained from the DOT Main & Regional Offices).

Section 18. Security of the students should be the foremost responsibility of the higher education institutions concerned. HEI authorities shall inform parents or guardians of the HEI guidelines on the conduct of educational tours and/or field trips.

Section 19. HEI guidelines for educational tours and/or field trips or on-the-job training shall be written in their Student's Handbook, and copies of the same shall be given to students and displayed in conspicuous places for their students' guidance and reference.

ARTICLE VIII FUNDING

Section 22. Prior consultation, including the manner, time, and duration of the educational tours and/or field trips, shall be done by the concerned HEIs with the concerned students and stakeholders. If the educational tours and/or field trips are included in the internship, this shall be fully explained to the concerned students. Enclosed

is Annex A for the checklist of requirements.

A. Automatic Suspension of Work and Classes

The automatic suspension of work and classes due to inclement weather will be based on the following typhoon signal warnings from the Philippine Atmospheric Geophysical and Astronomical Services Administration (PAGASA) and DOST as may be announced through the national televisions and other local media networks:

1. **Typhoon Signal #1**: No Classes in Prep-Kinder
2. **Typhoon Signal #2:** No Face-To-Face Classes in Basic Education; instead, asynchronous or synchronous classes are conducted to ensure that learning competencies are met.
3. **Typhoon Signal #3**: No classes on all levels, including office works

During heavy rainfall, classes is suspended depending on the warning and on the water level, as follows:

1. **Yellow Warning (Rainfall), Critical Water Level (flooding).**
   The Local Chief Executive (LCE) shall decide on the suspension of face-to-face classes and work in schools provided that the schools will shift to asynchronous/synchronous or make-up classes based on their LSCP to ensure that learning competencies are met.
2. **Orange or Red Warning (Rainfall), Alarm Water Level (flooding).**
   At a time when classes have already begun for the day
   The school head shall immediately suspend classes and work from the Basic Education and ALS and send everyone home if it is safe to do so. However, schools are obligated to keep the learners and employees safely in school if traveling has become unsafe.
3. **Orange or Red Warning (Rainfall), Alarm Water Level (flooding).**
   At a time when classes have already started
   Classes and work from Kinder Garten to Grade 12 are automatically suspended in schools.

Employees concerned are not required to report for work. However, Principals, Assistant Principals, area heads with office schedule, and office staffs in the Department are expected to report for work.

B. Mid-day Suspension of Classes

In case of mid-day cancellation of classes, elementary pupils will be allowed to leave the campus only when their fetchers arrive. Faculty members for both departments will be required to stay until advised by the Principal to leave when pupils and students have been all sent home and classrooms and faculty rooms are secured.

Cancellation of classes will apply for the entire day, even when the storm signal warning is lifted.

C. Localized Cancellation of Work and Classes

As stated in guidelines issued through Executive Order No. 66 s.2012:

"In the absence of typhoon signal warnings from PAGASA, localized cancellation/suspension of classes in both public and private schools may be implemented by the local chief executives in their capacity as chairpersons of the Local Disaster Risk Reduction and Management Council." "Any decision to cancel or suspend classes must come from the local government; however, a school head may also cancel or suspend classes in cases where urgent action is needed to prevent loss of life or bodily harm."

Parents are advised to monitor media advisories coming from government agencies such as the PAGASA, Local Government Unit/Local Disaster Risk Reduction and Management (DRRM) Council, and the Office of the Governor or City Mayor.

FOR THE ABOVE CASES, ANNOUNCEMENT FROM THE SCHOOL IS NOT REQUIRED AS THE ABOVE CONDITIONS ARE FOR IMMEDIATE COMPLIANCE OF THE CONCERNED LEVEL IN ANY SCHOOL.

Students who are not able to report to school will be required to present an excuse letter upon return to class. This will alert the Prefects of Discipline/Dean of Students Affairs regarding the reason for their absence for appropriate consideration.

D. Parents' Discretion

Consistent with the DepEd guidelines, the school will also rely on the discretion of parents to decide if their child/children will attend class.

"The DepEd still maintains that parents have the ultimate responsibility of determining whether their children should go to school, even if no order for cancellation/suspension of classes has been issued, if they feel that traveling to or from school will place their

children at risk."

For employees affected by floods or strong winds or road problems, the policy on emergency or personal leave will apply.

E. Announcements (only for emergency cases)

Text messaging through VP's, Deans, Principals, Heads of Offices, and Department Heads only in cases when USLT, through the Office of the President, decides to cancel classes/work independently. The information shall be released not later than 6:30 a.m.

As a general guideline, it should be presumed that the absence of any announcement on the suspension of classes by government agencies or by the school means that there will be classes and office work.

2

use of illegal drugs and in the treatment of dangerous drug users and dependents;

APPENDIX K: CMO No. 3 series of 2022 - Guidelines on Gender-Based Sexual Harassment in Higher Education Institutions

Republic of the Philippines
OFFICE OF THE PRESIDENT
COMMISSION ON HIGHER EDUCATION

Commission on Higher Education
OFFICIAL RELEASE
CHED Central Office
RECORDS SECTION
C.P. Garcia Ave., U.P. Diliman, Q.C.

CHED MEMORANDUM ORDER
No. 03
Series of 2022

Subject: GUIDELINES ON GENDER-BASED SEXUAL HARASSMENT IN HIGHER EDUCATION INSTITUTIONS

Pursuant to Section 8 (n) in relation to Section 2 of Republic Act No. 7722 the 20"Higher Education Act of 1994", and in accordance with Sections 25 and 33 of Republic Act No. 11313, otherwise known as the "Safe Spaces Act," its Implementing Rules and Regulations, as well as the Commission *en Banc* Resolution No. 061-2022 dated 8 February 2022, the following "*Guidelines on Gender-Based Sexual Harassment in Higher Education Institutions"* are hereby issued.

RULE I
GENDER-BASED SEXUAL HARASSMENT CASES IN HIGHER EDUCATION INSTITUTIONS AND OTHER RELATED SEXUAL OFFENSES

SECTION 1. COVERAGE

These Guidelines shall govern all higher education institutions (HEIs), both public and private, in:

a. Ensuring that the necessary policies and mechanisms are in place to prevent and punish sexual harassment and other related sexual offenses in its jurisdiction including, but not limited to, school-related activities such as in-and-off-campus student activities (local or foreign), on the job trainings (local or foreign), and faculty capacity-building activities (local or foreign);

b. Creating the Committee on Decorum and Investigation (CODI), as well as the procedures to be followed in the investigation and punishment of sexual harassment and other related sexual offenses in HEIs;

c. Safeguarding the rights of all stakeholders against Gender-Based Sexual Harassment (GBSH) that may be committed by any persons within the premises of the HEI.

SECTION 2. RATIONALE AND OBJECTIVES

For decades, Filipinos suffered from gender-based violence due to lack of information and support from the community. A "culture of silence" that pervades the domain of violence against women and children (VAWC) inhibits or prevents victims from coming forward and reporting their experience of gender abuse or assault. The passage of various legislations on the protection of women and children, however, has proved to deter gender-based violence. The country's passage of various legislations on the protection of women and children has served to encourage victims to seek protection and redress, leading to an increase in complaints filed with law enforcement. According to an official publication of the Philippine National Police, within a relatively short gap since the passage of landmark legislation that criminalized VAW in the Philippines – that is, from 1995 when Republic Act No. 7877 or the Anti-Sexual Harassment Act was enacted, to 2004 when Republic Act No. 9262 or the Anti-Violence Against Women and Their Children Act was enacted, there was a sevenfold rise in reports of sexual violence and sexual assault. (From 1,100 in 1996, the number of cases rose to 7,383 in 2004, with the year 2001 registering the highest number of reports at 10,343).

In 2019, Republic Act No. 11313 or the Safe Spaces Act was passed to combat sexual harassment as a form of gender-based violence. This latest enactment steps up the campaign to eliminate gender-based violence in the country.

Philippine HEIs, as a facility of learning, nurture the consciousness of Filipinos. They are the catalyst for change and justice in the country. The Safe Spaces Act mandates the HEIs to fulfill their duty of shaping the future of the country to become free of gender-based violence in the form of sexual harassment. The law directs the Commission on Higher Education (CHED) to form policies that will protect the rights and welfare of all stakeholders of Higher Education in the country against gender-based sexual harassment.

As a response to the call of various sectors in the country to end gender-based violence and to fulfill its mandate and the direction of the Safe Spaces Act and the Anti-Sexual Harassment Act of 1995, the Commission hereby promulgates these **Guidelines on Gender-Based Sexual Harassment in Higher Education Institutions** to assist HEIs in dealing with gender-based sexual harassment and putting an end to the cycle of violence against the dignity of persons.

SECTION 3. DEFINITION OF TERMS

For purposes of these Guidelines, the following terms are defined as follows:

a. **Higher Education Institutions (HEIs)** are educational institutions, private or public, established in accordance with law and offering CHED-recognized higher education programs.

b. **Gender-Based Sexual Harassment (GBSH)** refers to an act, or a series of acts, involving any unwelcome sexual advances, requests or demands for

sexual favors, or other verbal or physical behaviors of a sexual nature, committed by any individual.

c. **Rape**, as defined by the Anti-Rape Law of 1997, is an act of sexual assault committed by the insertion of one's sex organ or any foreign instrument or object into another person's orifice, without the victim's consent or capability to give consent. This offense includes the rape of both males and females.

THE LOUISIAN PRAYER

O God, wellspring of goodness and blessings,
we give you thanks and praise as one Louisian community.
The graces You incessantly grant upon us
and Your divine providence have sustained our beloved University
throughout the years of mission and excellence.

Having been founded by the Congregation of the Immaculate Heart of Mary, we pray that You keep us committed and dedicated to our mission and identity to serve the Church and the society as we become living witnesses to the Gospel values proclaimed by Jesus. For if we are steadfast in our good and beautiful mission, our works will bring success not only to ourselves but also to those whom we are bound to love and serve.

Inspired by St. Louis our Patron Saint, who was filled with a noble spirit that stirred him to love You above all things, may we also live believing that we are born for a greater purpose and mission as we dwell in Your presence all the days of our life.

Grant all these supplications through the intercession of
Mother Mary and through Christ our Lord.

Amen.

USLT GOLDEN JUBILEE PRAYER

Ever gracious God,
With gratitude in our hearts, we express our joys and jubilation for fifty years of USLT's felt presence in the Philippines.

In the words of Theophile Verbist, the CICM Founder- Nothing is impossible when done with love, and one with our CICM fathers and brothers, we pray that our mission to help transform society with holistic education will forever succeed even to higher heights for the building of persons and communities, locally and globally. This we will do by living up to the ideals of our founders to love and to serve the marginalized and underprivileged sectors of the society.

As we reminisce the fifty years of meaningful existence, we recall with fondness the humble beginnings of the then Saint Louis School for Boys into becoming a stalwart of education as University of Saint Louis Tuguegarao. Fifty years of meaningful existence has been challenging, yet we survived because of your unceasing blessing to our beloved University, for which we are forever grateful.

May our Blessed Mother, the patroness of CICM, intercede for all of us as we pledge once more to live by the USLT Values of Christian Living, Excellence, Professional Responsibility, Committed Social Awareness and Involvement, and Innovation, Creativity and Agility.

Finally, may this joyous occasion unite us as one family for renewed strength in the service and mission of quality education, and our vision of becoming a globally competent Catholic University. In Jesus' Name we pray. Amen

In wisdom you were born;
By God's grace you transformed;
With shared vision and mission;

Yet humbly you've reckoned,
The excellence you're known.

Our life, our country transform.

Our gratitude to you,
Oh USL, For Sapientia Aedificat
Devotion to mission,
Each day you are reborn.

(Refrain)
God bless your forebears,
Grant wisdom to your offsprings
with excellence and passion,
We build, we lead with compassion!

SAINT LOUIS SCHOOL HYMN

Let's all sing a song Gay
and cheerful
Bursting forth from our young
and joyous hearts.
For our life is so bright
for we study right
We choose a smile for our part.
Here we are students of St. Louis
That is why we are so proud
We'll always stand in defense of it
for it makes us brave and fit.

CHORUS:
Training our body and mind
That in this school we find
Bright future smiles on us;
Let's be ready, thus
We'll deserve well of our land
Go ever hand in hand
For God and Country's sake
this is the PLEDGE we make.
