UNIVERSITY OF SAINT LOUIS: YOUR SCHOOL

A. SAINT LOUIS GONZAGA: The School Patron Saint

(March 9, 1568 – June 21, 1591)

Louis (Luigi, Aloysius) Gonzaga was born in Northern Italy to a wealthy family of nobility and was educated at the princely court of the famous Medici in Florence. At the age of 14, he joined a royal suite traveling to Spain, where he spent three years as a court page to James, son of King Philip II (after whom the Philippines was named).

As a young man, he faced the dilemma of whether to follow the excessive worldliness of the royal courts of his time or to strive after higher values. He decided to become a priest. Although his mother was happy, his father vehemently objected since his entry into a top religious order involved his family's royal inheritance and nobility. Louis renounced all his rights to the family title and properties and entered the Jesuit novitiate in 1585. He was a competent pupil and highly regarded for his virtues of charity, humility, and chastity.

During the last year of his studies for the priesthood, a plague broke out in Rome. Louis offered himself for the service of the sick, and while caring for the victims, he contracted a malignant infection, which caused his death after three months of intense suffering. Scarcely anything remained of his exhausted body except skin, bones, and cruel sores. Yet, he remained cheerful and patient to the end.

For his extraordinary signs of heroism in the love of God and fellowmen, he was canonized in 1726. Three years later, he was declared as the heavenly patron of all Catholic youth, especially those engaged in studies.

Like many others all over the world, our institution adopted St. Louis, this great young man, as a patron and a model for pupils.

The feast of St. Louis Gonzaga is celebrated on June 21.

B. HISTORY OF UNIVERSITY OF SAINT LOUIS

The University of Saint Louis traces its roots to a school started by Msgr. Constant Jurgens, CICM, D.D., Dutch by nationality, a CICM missionary, great educator, and then Bishop of the Diocese of Tuguegarao.

Pre-Louisian History

Cagayan Valley Atheneum. A few years before the outbreak of the Second World War, Msgr. Jurgens founded the Cagayan Valley Atheneum as a diocesan school for boys. Rev. Fr. Oscar Deltour, CICM, was its first rector. Cagayan Valley Atheneum stood from 1938 to 1946. It was set up at the compound of St. Peter's Cathedral. Later, it was transferred to a different lot located in Ugac, bought from the Tabacalera by Msgr. Jurgens with his own missionary fund.

Ateneo de Tuguegarao. The war had destroyed the Cagayan Valley Atheneum buildings, and Msgr. Jurgens was confined at the concentration camp during the Japanese occupation. Like many CICM Missionaries, Msgr. Jurgens had also suffered in concentration camps and in evacuation centers and came out a very sick man. He called on the Jesuit Fathers (Society of Jesus) to take over the administration

of the school. It was agreed that he would transfer ownership of the land to the Jesuits provided that they would build therein a residence and school complete with equipment. The school was named Ateneo de Tuguegarao and offered high school and two college courses: Commerce and A.B. Pre-Law. In 1962, the Jesuit Fathers left Tuguegarao and closed the Ateneo de Tuguegarao.

Saint Louis College of Tuguegarao

On January 6, 1965, the Bishop of Tuguegarao, His Excellency Msgr. Teodulfo S. Domingo, wrote the Provincial Superior of the Congregation of the Immaculate Heart of Mary, the Very Rev. Charles Pieters and requested him to open a Catholic school for boys in Tuguegarao. The impetus of this request was the appeal of many Catholic parents for Catholic education for their boys in Tuguegarao.

With the approval of the CICM Superior General, Fr. Charles Pieters responded in January 1965, accepting the appeal. Preparations were made for the coming school year, and a four-room emergency building was put up since at that time, the students from Saint Paul College (SPC) were occupying the high school buildings of the Ateneo after SPC was gutted by fire in January 1965.

In June 1965, Saint Louis School opened its portals to 138 boys, accommodated in two (2) sections for the first year and one section for the second year. Fr. George Hantson, CICM, was the first rector.

In 1968, its College Department opened with four courses: B.S. Civil Engineering, B.S. Commerce, Liberal Arts, and Junior Secretarial Course with 236 students. That year then, the school was renamed Saint Louis College of Tuguegarao (SLCT). In 1971, its High School Department offered its science curriculum and started admitting girls. In 1977, its Graduate School opened with the program Master in Public Administration.

In the years that followed, SLCT opened new courses at the collegiate level: B.S. in Architecture, B.S. in Geodetic Engineering, B.S. in Electrical Engineering, B.S. in Electronics and Communications Engineering, B.S. in Computer Engineering, B.S. in Accountancy

(separated from B.S. Commerce), Computer Secretarial Course, B.S. in Computer Science, Bachelor in Secondary Education, and Bachelor in Elementary Education.

Kinder I and Kinder II were opened in 1997. The Elementary Department started Grade I in 1998. True to its mission of providing the marginalized sector of society with access to quality education, the school also opened in 1998 the Learning Center for Hearing-Impaired Children, now called the Dinggin Ka Learning Center (DKLC), a school for speech- and hearing-impaired pupils.

To address the need for highly qualified manpower resources in the global community, on April 1, 2002, SLCT formally opened its Center for Technical and Entrepreneurial Development (CTED) with associate courses in Hotel and Restaurant Management, Network Technology, Computer Secretarial, Electrical and Electronics Technology.

After a few decades, SLCT became a college serving young people in preparatory school, elementary school, secondary school, college and graduate school. The years 1998, 1999, 2000 and 2001 were years devoted to the pursuance of a change of the school charter from a college to a university.

University of Saint Louis

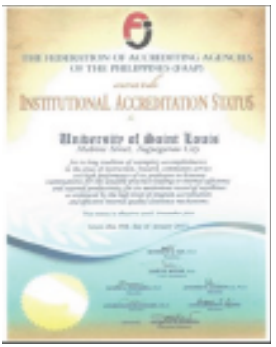

On May 20, 2002, the Commission on Higher Education finally granted the school its new charter. Hence, the old Saint Louis College of Tuguegarao is now the University of Saint Louis. The installation of the first University President, Engr. Rosalinda P. Valdepeñas, Ph.D., who was at the helm of SLCT during the grant of the university status, was on August 8, 2002.

In that same year, prior to the grant of university status, SLCT was one of the first thirty (30) private higher education institutions (HEIs) in the Philippines granted full autonomy by the Commission on Higher Education from 2002-2007. This autonomous status has been consistently maintained to date.

During the period of the grant of full autonomy, other collegiate

programs were offered which include BS Nursing (SY 2004-2005); BS Tourism, and BS Information Science (SY 2007-2008); BS Hotel and Restaurant Management (SY 2009-2010); BS Library and Information Science, and BS Interior Design (SY 2009-2010); BS Medical Laboratory Science (Medical Technology), and BS Pharmacy (SY 2012-2013); and BS Management Accounting, and BS Accounting Technology (SY 2014-2015).

April 2012 marked another milestone in the history of the University when the Philippine Accrediting Association of Schools, Colleges and Universities (PAASCU) granted Level IV Accredited Status to six (6) of the University's curricular programs: Accountancy, Business Administration, Civil Engineering, Liberal Arts, Elementary Teacher Education, and Secondary Teacher Education. USL is the first and only school in Region 02 granted such status and one of the few in the entire country.

The K to 12 Basic Education Curriculum was implemented effective school year 2012-2013. In May 2013, the High School Department was granted, for the third time, a five-year Level II Re-Accredited Status from 2013-2018.

In May 2013, during the celebration of the 11th year of USL as a university, the USL Endowment Fund launched. fund drive to pool dor to support s scholarships professorial chairs.

As a testimony of its long tra of excellence and quality, the Universi bestowed with an International Pla

Award for Excellence and Business Prestige on May 26, 2014, in New York, USA.

In January 2015, the Level IV programs were granted Level IV Re-Accredited Status from 2015-2019, and the University was bestowed with the recognition of Institutional Accreditation (valid until 2019) by the Federation of Accrediting Agencies of the Philippines (FAAP).

The year 2015 was indeed a remarkable year for the University as it celebrated its 50th foundation anniversary. Among the major activities were the launching of commemorative stamps and the relaunching of the Endowment Fund drive.

On June 30 of the same year, the Gawad San Luis for Employees (GSLE) was institutionalized. GSLE distinguishes employees' valuable and meritorious performances and achievements in different areas. It

non-teaching staff, and maintenance workers for their years of service, retirement from the University, excellence in teaching, research, and creative works, completion of graduate or post-graduate studies, and performance in national and international platforms. Subsequently, the Gawad San Luis for Students (GSLS) was initiated on May 31, 2019.

The University of Saint Louis is a member of the CICM Philippines School Network (PSN) together with five other schools – Saint Louis University (Baguio City), Saint Louis College (San Fernando, La Union), Saint Louis College-Cebu (Mandaue City), Saint Mary's University (Bayombong), and Maryhill School of Theology (Quezon City). As in the other CICM-PSN member schools, the Office of the Vice

President for Mission and Identity (VPMI) was established in USL in the school year 2015-2016 with Rev. Fr. Thiago O. Silva as the first VPMI.

In 2016, Level III Accredited Status was granted to the Electrical Engineering program (valid until 2019); Level II Accredited Status to the Information Technology and Computer Science programs (valid until 2020); and Level II Accredited Status to the Nursing program (valid until 2021). Also, in 2016, the school was re-granted its Autonomous Status (valid until 2019) and was conferred the recognition as Center of Development in Information Technology (valid until 2018).

The school year 2016-2017 was the first year of implementation of the Senior High School Grade 11 with the following track and strands: Academic Track – Accountancy, Business and Management (ABM Strand), Humanities and Social Sciences (HUMSS Strand), and Science, Technology, Engineering, and Mathematics (STEM Strand: Health and Non-Health). In May 2017, the Elementary Department was granted Level II Accredited Status (valid until 2022).

In August 2018, the University welcomed its first cohort of K-12 curriculum graduates into its college programs, paving their path to entering the workforce in 2022. In the academic year 2020-2021, the School of Education, Arts and Sciences (SEAS) added the Criminology program to its list of offerings.

The succeeding years were fruitful as Re-Accredited Status (valid until 2024) was granted to all the six (6) Level IV programs such as Accountancy, Business Administration, Civil Engineering, Psychology, Political Science, and Elementary and Secondary Teacher Education in 2019; Level I Accredited Status (valid until 2024) to six (6) graduate programs such as Master of Arts in Education, Doctor of Education, Master in Public Administration, Doctor in Public Administration, Master in Business Administration, and Doctor of Business Management and Level III Re-Accredited Status (valid until 2026) to Electrical Engineering in 2020; Level II Re-Accredited Status (valid until 2027) to Nursing in 2021; Level II Re-Accredited Status (valid until 2027) to Elementary, Information Technology, and Computer Science, and Level III Accredited Status (valid until 2023) to Junior High School in 2022; and Level II Re-Accredited Status (valid until 2027) to

Hospitality Management and Tourism Management in 2023.

USL's impressive journey of achievements continues, as it recently achieved another milestone by successfully passing the International Organization for Standardization (ISO) Audit, acquiring its ISO 9001-2015 Certification after being evaluated and certified by NQA Philippines, a leading assessment, verification, and certification body. The culmination of this accomplishment was celebrated during a ceremony held at the USL Sports Field on September 8, 2022.

ISO Certification Awarding Ceremony

The school year 2022-2023 witnessed daring transformations highlighted by the creation of the Internationalization Office, underscoring the University's resolute commitment to actively embrace globalization. This school year is also distinguished by the successful construction and inauguration of the very first academic building at the Bishop Constant Jurgens Campus (BCJC) in Barangay Leonarda, Tuguegarao City. This development paved the way for the School of Accountancy, Business, and Hospitality (SABH) to occupy the premises in January 2023, followed by the School of Education, Arts and Sciences (SEAS) in August 2023. This bold move would eventually facilitate the expansion of the student population at the Main Campus, particularly in basic education, as well as the engineering, information technology education, and health and allied sciences programs.

Within the same school year, the initial steps were taken to lay the groundwork for integrating the Elementary, Junior, and Senior High Schools. As the new school year 2023-2024 opens, so begins the beautiful story of the Basic Education School, serving Kinder to Grade 12 learners.

C. Development of the University's Physical Plant

Charles Pieters Building

The past years have been witness to the tremendous development in the University's Physical Plant. The year 1965 saw the construction of a one-storey, four-room High School Building, named as the Hantson Building. In 1968, what used to be the former San Jacinto Seminary was turned over to the College, which later became the Administration Building. In 1972, the old Ateneo High School building was renovated, and the Jesuit Fathers' quarters were converted into High School Library and Laboratories. In 1975, a four-room building was constructed as annex to the old High School building. In 1977, with financial assistance from the Dutch Government, the CEBEMO two buildings were constructed: Bishop Constant Jurgens Technical Building and the CEBEMO Shop Building. The year 1978 saw the construction of the CICM District House for the CICM Fathers. In 1979, a new two-storey, eight-room concrete building (Phase I) was constructed in the High School Department. Likewise, the Saint Aloysius Gonzaga Building was built in 1979.

CICM Building

Friendship Park

Completed in 1980, the College gymnasium was

constructed with recycled steel trusses acquired by Fr. James Ter Meer, CICM, from the former Maryheights Seminary in Baguio City. Presently, this facility is known as the James Ter Meer Gymnasium.

To meet the increase in the enrolment of the College, in 1981, the old Hantson Building was demolished, and on its site was a two-storey, eight-room building, later named San Lorenzo Ruiz Building. In 1982, a new three-storey building was erected to house major administrative offices and more classrooms. This building was named the CICM Building in celebration of the 75th (Diamond) Jubilee of the CICM Missionaries in the Philippines. The year 1984 saw the completion of the Mary Immaculate Ladies Dormitory, and in 1988, the USL stadium.

The culminating activities and Eucharistic celebrations of the popular friendship seminars for employees and students back in 1997 to some years later were held at the park near the CICM district house, giving the park its name as Friendship Park, advocated by Rev. Fr. Renillo H. Sta. Ana, CICM, during his previous appointment as USL Chaplain, and whose development he revived during his reign as USL President.

Theophile Verbist Buildin

The year 1998 marked the laying of the foundation for the Theophile Verbist Building, encompassing the construction of its first two floors. Subsequently, in 1999, the development continued with the addition of the third and fourth floors, dedicated to classroom spaces. The building also housed computer laboratories, the Treasury and Accounting Department, the Office of the Registrar, the Office of the Chaplain, the canteen, a bookstore, printing shop, and function room on the ground and mezzanine floors.

In 2000, the University acquired a 2,084 square-meter lot at

the Lecaros Extension to become the first site for the now Dinggin Ka Learning Center. The same year saw the acquisition of a 5.4-hectare lot in the hills of Leonarda, Tuguegarao City to become an expansion site for the fast-growing Louisian family.

The school year 2000-2001 was marked by the construction of the main High School building (Phase 3), which, since then on, has been housing the administrative offices for the High School Department and several classrooms. The three (3) major buildings of the High School Department are linked together to form the so-called Charles Pieters Building.

Constatnt Jurgens Buildin

In the summer of 2001, major movements in the facilities were undertaken. The three (3) higher floors of the Theophile Verbist building took a major renovation to accommodate the new, modern, and fully air-conditioned Learning Resource Center (Library) of the College Department. That summer, too, marked the renovation of the Bishop Constant Jurgens Building, which later became the building for the Preparatory and Grade School.

Good Shepherd Chapel

The now Good Shepherd Chapel was originally the chapel built by the Jesuit missionaries at the time of the Ateneo de Tuguegarao. It took a major renovation in 2001 with a 180-degree reorientation for the Sanctuary (originally on the west) and the main chapel door (originally on the east). The reorientation paved the way, in 2008 to 2009, for the

construction of the Pastoral Center to house the Office of the Chaplain, Campus Ministry Office and a Pastoral Hall.

The family of the late Fr. Clement Daelman, CICM, donated the image of the Good Shepherd in 2010 as a sign of pastoral care for the Louisian community.

With the offering of new curricular programs, buildings were put up at the Extension Campus along Lecaros Street, which is adjacent to the Main Campus. First was the Pope John Paul II Building, constructed in 2004, to cater to the needs of the University's Nursing program. It houses the Nursing laboratories, Dean's Office and classrooms. It is now named as Saint John Paul II Building. Second was the Tjolle International Center, built in 2005, which serves as the hotel laboratory for the Hotel and Restaurant Management program.

To expand the Leonarda expansion site, the University purchased in 2008 an additional lot with an area of 4.6 hectares adjoining the 5.4 hectares purchased in 2000, thus the 10-hectare area of the entire Leonarda Expansion Campus.

Pope John Paul II Building Tjolle International Center

In 2011, a new High School audio-visual room with a 150 seating-capacity was added to the structure of the Charles Pieters Building. It was named Bulwagang Pacifico

Casem in honor of Mr. Pacifico Casem, a former High School principal who also became a president of the then Saint Louis College of Tuguegarao. The Bulwagang Teodulfo Domingo, in honor of the former Bishop of the Diocese of Tuguegarao, Msgr. Teodulfo Domingo, was earlier built as part of the Charles Pieters Building, and is used for seminars, conferences, and other related events.

The M Building was put up in 2012 to house the laboratories of the Pharmacy and Medical Laboratory Science (Medical Technology) programs, additional laboratories for the Hotel and Restaurant Management program, faculty rooms, and a dean's office. It is named Immaculate Heart of Mary Building.

Immaculate Heart of Mary Building

With the continuing need for classrooms, better faculty rooms, and audio-visual rooms, the new Saint Lorenzo Ruiz (N) Building was blessed and inaugurated in the summer of 2014.

In the same year, two other extension buildings (O and P) were constructed to address the increasing enrolment of the Junior High School and meet the Technology and Livelihood Education (TLE)

laboratory requirements of the Kto12 Enhanced Basic Education Curriculum. In the same year, the Paul de Bevere Building, on whose site once stood a multi-purpose shed, was constructed, and it now houses the Student Affairs Office (SAO), the Supreme Student Council and The Louisian Courier offices.

In the school year 2014-2015, the University acquired full ownership of the 4.2-hectare USL Main Campus lot from the Archdiocese of Tuguegarao. The signing of the deed of absolute sale, and full payment of the lot were done on November 17, 2014.

Infrastructure projects for the Golden Jubilee celebration in February 2015 included the face-lifting of the main campus facade, installation of turnstiles at the main entrance gate, renovation of the open stage with installation of state-of-the-art sound system, improvement of the Sports Field, and construction of the Wall of Fame.

With the increasing need for spaces for sports, cultural, and similar activities, the University stadium undertook expansion in January 2016.

Clement Daelman Building

To house the Senior High School, an academic building was constructed in time for its opening for SY 2016-2017 in August 2016. At the site where it now stands was once the Mary Immaculate Ladies Dormitory, which was demolished. The SHS building is named Clement Daelman Building.

In SY 2016-2017, a replicate building of the first phase of the Saint Lorenzo Ruiz Building was constructed. It stands on the location of the demolished old San Lorenzo Building. It houses college classrooms, facilities, and administrative offices.

Saint Lorenzo Ruiz Building

The San Jacinto Building, which serves as the University's historic landmark, was renovated in the school year 2017-2018, maintaining the architectural design of the old San Jacinto Seminary.

San Jacinto Building

To help in environmental protection and promote efficient energy consumption in the University, USL inaugurated its photovoltaic or solar power system in February 2018.

In the pursuit of USL's vision to be a model institution of 21st century education, the former Student Activity Center was demolished and reconstructed in the school year 2018-2019, into a three-level structure, named as Bishop Wenceslao S. Padilla Learning and Mission Hall. A similar structure for the same purpose was constructed between the Theophile Verbist Building and the Aloysius Gonzaga Building, and

Bishop Carlito J. Cenzon Learning and Mission Hall

Bishop Wenceslao S. Padilla Learning and Mission Hall

was named Bishop Carlito J. Cenzon Learning and Mission Hall. Both learning halls are equipped with Wi-Fi.

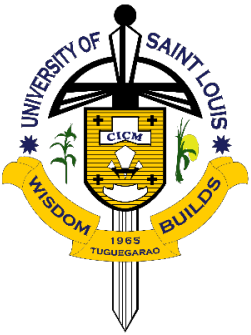

First Academic Building at the BCJC

In SY 2022-2023, the Bishop Constant Jurgens Campus (BCJC), which used to be referenced as Leonarda Expansion Site, saw the inauguration of its first academic building. With forty-four (44) classrooms, four (4) laboratories, libraries, administrative offices, faculty rooms, a canteen, and a Chapel, the BCJC is home to academic programs such as Teacher Education, Political Science, Psychology, Criminology, Accountancy, Business Administration, Hospitality Management, and Tourism Management. The construction of the building is yet another major development for institutional excellence.

In the summer of 2023, enhancements were made to the classrooms of the Basic Education School. These improvements include the installation of air conditioning systems, a step towards creating an environment that fosters better learning conditions. Furthermore, as part of the ongoing commitment to safety and security, closed-circuit television (CCTV) cameras have been installed along the hallways. These proactive measures ensure the well-being of both students and employees, creating a university where everyone can thrive with comfort and peace of mind.

Verily, the University of Saint Louis is known to be one of the most outstanding educational institutions in the Region, and the entire country, offering quality and relevant Catholic education. Its graduates have become active partners of the society, as many of them are now occupying key positions in government and private institutions, business and industry, and non-government organizations. The years have been witness to successful national board passers and topnotchers from among its graduates. The University of Saint Louis has been popularly recognized as the SCHOOL OF TOPNOTCHERS in the Cagayan Valley Region.

D. THE SCHOOL EMBLEM

The herald of the USL emblem blends the SWORD and the SHIELD, symbolizing the virtue of fortitude. The sword thrusts forward toward individual and community development, thereby enhancing educational goals.

The LILY, symbolizing the virtue of integrity, and the CROSS, representing Faith in the Lord Jesus Christ, are wielded by the shield.

The prime products of Cagayan, CORN and RICE (stalks), depict USL's commitment to contribute to the development of the Cagayan Province and Cagayan Valley Region.

The colors BLUE and WHITE, the colors of the Blessed Virgin Mary, signify the love and life of a dedicated person close to Christ.

The letters C.I.C.M. in the SHIELD is a Latin initial for ***Congregatio Immaculati Cordis Mariae,*** or in English***, Congregation of the Immaculate Heart of Mary.*** CICM is an international Catholic religious congregation that founded the University of Saint Louis in keeping with her educational mission and apostolate.

Thus, USL, a community of learners seeking to be leaders of human progress, provides not only an academic but also a Christian atmosphere where values are developed. This atmosphere makes learning a process of building a human person dedicated to serving the community, country, and God—the embodiment of the USL motto: WISDOM BUILDS.

E. THE MOTTO: WISDOM BUILDS (Sapientia Aedificat)

The fear of God is the beginning of Wisdom. The University of Saint Louis, as a Catholic educational institution, embodies the conviction that wisdom, borne out of genuine reverence and love for God, builds up our persons. (We have an expression "God-fearing person," which means that this person will not do anything to offend God and one's neighbor and will not do anything against one's own conscience.) Expressing it in a positive way, a God-fearing person does God's will and contributes to the well-being of the whole community. This is Wisdom in the Old Testament – Solomon's search for the will of God, personified by Jesus of Nazareth, the fulfillment of God's will and revelation in the context of the Covenant community.

Thus, in today's terms, "Wisdom Builds" means that the attitude and the actions that express obedience to God and love and compassion toward one's neighbors will contribute to the betterment of oneself and one's community. Every Louisian built in wisdom is called to become a builder of the Church and society.

F. THE CICM EDUCATION APOSTOLATE

The CICM-RP Province believes that education apostolate is one effective means of evangelization to be fully integrated with the church's educational purpose. It is essential, therefore, that USL aligns itself with the apostolic commitment and priorities of the CICM-RP province in its educational apostolate.

1. THE CICM-RP PROVINCE MISSION STATEMENT OF EDUCATIONAL APOSTOLATE

The CICM Philippine Province considers the educational apostolate as one of the most effective means of evangelization. As such, it maintains the school apostolate among its priorities as a missionary institution.

Its educational policy integrates fully the vision of the Catholic Church on education as expressed in the different documents of the Second Vatican Council and of the Second Plenary Council of the Philippines.

2. THE CICM-RP PROVINCE VISION AND MISSION IN EDUCATION

Inspired by the historical commitment and dedication to provide a Catholic Education, the CICM Philippine Province espouses the following vision and mission for its educational institutions:

It envisions an integral human formation of the youth who will become mature Christians and active members of the Church. This integral human formation is directed towards a Christian development of knowledge, skills and attitudes, which is geared towards service in church and society by witnessing the values of God's kingdom.

In order to realize this vision, the schools orient and direct their programs and activities toward the promotion of human dignity and happiness, which lead to the development of the total person who is able to take up his/her responsibilities in the church and in the world.

Having a specific concept of person and the world as revealed in the Judaeo-Christian Tradition, the school promotes a special outlook of self, others, material world and God, which basically changes the goal of every human activity and distinguishes it from any other educational system.

Having been founded by the CICM Institute, every CICM educational institution lives up to its missionary identity. Each member of the school community is fully aware of his/her responsibility to reach out to the non-Christians and discover with them the impact of the Gospel on social reality, justice and solidarity. Likewise, he/she is conscious of his/her responsibility to reach out to his separated brothers and sisters and to establish fraternal relations with them because there is only one Gospel, one Lord and one Father of all.

Inspired and compelled by the attitude of Jesus, it gives special attention to the oppressed, the disadvantaged and the handicapped.

3. THE CICM-RP GENERAL EDUCATIONAL OBJECTIVES

a. To form an educational community of administrators, faculty, pupils, personnel and parents who are conscious that their knowledge, skills and attitudes should be geared as a sign of the kingdom and that by this they realize their highest human dignity.
b. To bring about a new Christian outlook on God, life, culture, world, neighbor, society and personal human dignity.
c. To give the educational community an adequate exposure to the Catholic faith, in catechesis as well as in liturgy and practice, to enable Catholics to grow to maturity and faith, and to be inviting and open to non-Catholics and non-Christians through sound ecumenism and mutual respect.
d. To animate the lay people in our institutions through the Church and CICM vision on education, in promoting the teaching profession, in whatever field, as a special charismatic service to God's people.
e. To reflect continually, in the light of the Catholic faith, on the growing treasure of human knowledge and to transmit it through teaching, research and various services to our communities.
f. To be committed to the service of the people of God and human society in general: to study contemporary problems such as the dignity of human life, promotion of justice and peace, and a just sharing in the world's resources.
g. To look for ways and means to give the same chances to the children of as many disadvantaged families as possible.
h. To serve as a dynamic base for the CICM Institute by which it creates awareness for the missionary task of the universal church and engages in vocation animation.

i. To cooperate with the local church by striving for a common vision while respecting the authority of the local church and the CICM orientation.
j. To integrate and promote the life-giving aspect of the cultural and moral values of the people; and,
k. To maintain an academic standard which allows the faculty and pupils to work on a level needed for their professional competency.

4. THE RP-CICM SPECIFIC EDUCATIONAL OBJECTIVES

a. Concern for the poor and handicapped

The school is aware of the many factors under the present conditions, which tend to keep the disadvantaged outside the school community; positive steps are taken to counteract these obstacles.

This concern is expressed by such means as:

- scholarship programs for the poor
- involvement in non-formal education
- service programs
- support for efforts to uplift the disadvantaged in society
- simplicity of life-style in the schools

b. Concern for the non-Christians and non-Catholics

The presence of the non-Christians in the educational community is brought to the attention of all, so that non-Christians feel accepted and welcomed. The Christian community spirit and interpersonal relationships experienced by non-Christians are strong incentives to become committed members of the Christian community and to share the Christian vision of education among the non-Christians.

Our Christian ecclesial community is an “open” community: open for what happens in the world, open for those who belong

to other races or Christian religions. The ecumenical spirit should bring about universal brotherly love.

c. Service to the local church in a subordinate role

The school works in union with the local church, striving for a common vision. It respects the authority of the local church and the missionary orientation of CICM.

This serving role means taking initiatives and leadership where needed, opening and using channels of communications, which will make for better consultation, cooperation, mutual understanding and effective evaluation of CICM work and presence. The school actively promotes priestly and religious vocations, especially for the diocesan clergy.

Because of its specific importance among the academic disciplines and the service to be rendered to the local church, every CICM institution of higher learning has a faculty or Department of Theology.

d. Integration

It refers to both the integration of the local church and the integration of any life-giving aspect of cultural and moral values. The school develops integration through the presence of members of the local church in its Board of Trustees and of the Corporation and by the involvement of all sectors of the educational community in the activities and progress of the local church.

e. Dynamic Base

As a missionary congregation, CICM is helping build the local church, while at the same time establishing a dynamic base for the congregation so as to create awareness for the missionary task of the universal church and to work for vocations.

Our educational institutions train apostolic-minded lay people imbued with the CICM missionary spirit, who will assist in implementing the school's mission and objectives. Our institutions are also based to organize missionary vocation animation in their region.

CHAPTER III

ACADEMIC POLICIES

A. Grading System

The grading system operates on the principle that subject grades for each grading period are independent of each other. The final subject grade is determined by computing the average of the grades obtained in the four periodic terms in an academic year. To obtain the general average of a pupil in an academic year, the total of the final subject grades is divided by the total number of subjects in the pupil's curriculum. The computation of general average excludes grades in Conduct.

1. Components of Quarterly Grades

Grading System for Kinder to Grade VI

The quarterly grade is the transmuted initial grade. The quarterly initial grade is the sum of the three (3) components: written works, performance tasks, and periodic examination. Below is the matrix of the weight of the components of the different subjects.

SCHOOL AND PARENTS/FAMILY RELATIONSHIP

The joint effort of the school and the family greatly helps in the effectiveness of the educational process. APPENDIX A

GUIDELINES ON SUSPENSION OF CLASSES DUE TO INCLEMENT WEATHER

The University of Saint Louis shall follow the guidelines on the suspension of classes due to inclement weather issued by the Department of Education (DepEd Order No. 37, series of 2022) for the Basic Education School and the Commission on Higher Education (CHED M.O. 34, series of 2010) for the college and graduate school.

1. Typhoon

In-person, online classes, and work from Kindergarten to Grade 12 and Alternative Learning System (ALS) are automatically cancelled in schools situated in Local Government Units (LGUs) issued with tropical Cyclone Wind Signals (TCWS) 1, 2, 3, 4 or 5 by the Philippine Atmospheric, Geophysical, and Astronomical Services Administration (PAGASA).

If the TCWS is issued at a time when classes have already begun, the school shall immediately suspend the classes and work and send everyone home if it is safe to do so. However, schools are obligated to keep the learners and personnel safely in school if traveling has become unsafe.

Local Chief Executives shall decide on the cancellation or suspension of classes in cases where there are strong winds in specific or all areas of the LGU but are not issued a TCWS.

2. Heavy Rainfall

In-person, online classes, and work from Kindergarten to Grade 12 and Alternative Learning System (ALS) are automatically cancelled in schools situated in LGUs issued with Orange and Red Rainfall Warning by the PAGASA.

If the warning is issued at a time when classes have already begun, the school shall immediately suspend the classes and work and send everyone home if it is safe to do so. However, schools are obligated to keep the learners and personnel safely in school if traveling has become unsafe.

Local Chief Executives shall decide on the cancellation or suspension of classes if their LGU is issued a Yellow Rainfall Warning by

the PAGASA or in cases where there are torrential rains in specific or all areas of the LGU but are not issued an Alert by the PAGASA.

3. Floods

In-person, online classes, and work from Kindergarten to Grade 12 and Alternative Learning System (ALS) are automatically cancelled in schools situated in LGUs issued with a Flood Warning by the PAGASA.

If the flood warning is issued at a time when classes have already begun, the school shall immediately suspend the classes and work and send everyone home if it is safe to do so. However, schools are obligated to keep the learners and personnel safely in school if traveling has become unsafe.

Local chief executives shall decide on the cancellation or suspension of classes in cases where there is flooding in specific or all areas of the LGU but are not issued an Alert by PAGASA.

4. Earthquakes

In-person, online classes, and work from Kindergarten to Grade 12 and Alternative Learning System (ALS) are automatically cancelled in schools situated in LGUs where the Philippine Institute of Volcanology and Seismology (PHILVOCS) declares an earthquake with PHILVOCS Earthquake Intensity Scale (PEIS) V or above.

Local chief executives shall decide on the cancellation or suspension of classes in cases where the PEIS is IV and below.

School Principals/School Officials can cancel classes at any intensity Scale if, in their assessment, buildings and other structures are seen to be in danger of collapsing or are found to have major damages.

5. Power Outrages/Power Interruptions/Brownouts

There will be no automatic cancellation or suspension of classes in the event that there are power outrages/power interruptions/brownouts in schools. If power outrages/power interruptions/brownouts in schools have resulted to poor learning environment, school officials can cancel or suspend classes at their own discretion.

Mid-day Suspension of Classes

In case of mid-day cancellation of classes, faculty members will be required to stay until advised by the Principal to leave when learners have been all sent home and classrooms and faculty rooms are secured.

Cancellation of classes will apply for the entire day, even when the storm signal warning is lifted.

Localized Cancellation of Work and Classes

As stated in the guidelines issued through Executive Order No. 66, s.2012:

"In the absence of typhoon signal warnings from PAGASA, localized cancellation/suspension of classes in both public and private schools... may be implemented by the local chief executives in their capacity as chairpersons of the Local Disaster Risk Reduction and Management Council." "Any decision to cancel or suspend classes must come from the local government; however, a school head may also cancel or suspend classes in cases where urgent action is needed to prevent loss of life or bodily harm."

Parents are advised to monitor media advisories from government agencies such as the PAGASA, Local Government Unit/Local Disaster Risk Reduction and Management (DRRM) Council, and the Office of the Governor or City Mayor.

For the above cases, an announcement from the school is not required as the above conditions are for immediate compliance of the concerned level in any school.

Learners who are unable to report to school will be required to present an excuse letter upon return to class. This will alert the Principal/Assistant Principal/Prefects of Discipline regarding the reason for their absence for appropriate consideration.

I. Parents' Discretion

Consistent with the DepEd guidelines, the school will also rely on the discretion of parents to decide if their child/children will attend class.

"The DepEd still maintains that parents have the ultimate responsibility of determining whether their children should go to school, even if no order for cancellation/suspension of classes has been issued,

if they feel that traveling to or from school will place their children at risk."

I. Announcements (only for emergency cases)

Text messaging through the Vice Presidents, Deans, Principals, Heads of Offices, and Department Heads is only in cases when USL, through the Office of the President, decides to cancel classes/work independently. The information shall be released not later than 6:00 a.m.

Note: As a general guideline, it should be presumed that the absence of any announcement on suspension of classes by government agencies or the school means that there will be classes and office work.

APPENDIX B

DO 7, S. 2006 – REITERATING THE PROHIBITION OF THE PRACTICE OF HAZING AND THE OPERATION OF FRATERNITIES AND SORORITIES IN ELEMENTARY AND SECONDARY SCHOOLS

1. In the past years, the Department of Education has released issuances that provide measures for preventing the practice of hazing and prohibit fraternities and sororities in elementary and secondary schools. Department Order No. 6 s. of 1954 prohibits the practice of hazing in schools and imposed sanctions for violations. Department Order No. 20 s. 1991, meanwhile, prohibits the operation of fraternities and sororities in public and private elementary and secondary schools.
2. Furthermore, Republic Act No. 8049 (The Anti-Hazing Act) provides for strict penalties for the conduct of hazing and other initiation rites associated with fraternities, sororities and similar organizations.
3. In view of recent incidences of fraternity-related violence involving high school learners and in view of the history of violence associated with these organizations, some of which have resulted to juvenile deaths, the Department of Education reiterates the abovementioned policies regarding fraternities and sororities and the use of hazing and other acts of violence in elementary and secondary schools.
4. School authorities are requested to take a more active role in the prevention of juvenile violence in their respective areas. They are further instructed to coordinate with local units of the Department of Interior and Local Government, the Department of Social Work and Development, and the Philippine National Police in order to monitor and control the proliferation of fraternities, sororities and similar organizations in elementary and secondary schools in their respective areas.
5. Moreover, school authorities are encouraged to promote co-curricular and extra-curricular organizations and activities that can serve as more wholesome and productive alternatives to fraternities, sororities and like organizations.

Though from her my footsteps far may stray
Over mountains, plains beyond the deep blue sea

PRAYER TO SAINT LOUIS GONZAGA
Patron of Catholic Youth

Saint Louis, filled with the blessings of God the Father and the Holy Spirit, we humbly and earnestly implore you, to help us follow Jesus closely as you did.

Plead for us to Jesus Christ, the Immaculate Lamb, and to His most Holy Mother the Virgin of Virgins, that they would guard the purity of our life. When you see us in temptation or in danger of failing, remove from our hearts all bad thoughts and unclean desires.

Awaken in us the thought of eternity and the memory of Jesus crucified. Impress deeply in our heart a sense of Holy fear of God and enkindle in us the fire of your divine love.

Enable us to follow your footsteps here on earth, particularly in being diligent in our studies, work, so that with you, we may be found worthy to enjoy the vision of God forever. Amen.

LOUISIAN PRAYER

O God, wellspring of goodness and blessings, we give You thanks and praise as one Louisian community. The graces You incessantly grant upon us and Your Divine Providence have sustained our beloved university throughout the years of mission and excellence.

Having been founded by the Congregation of the Immaculate Heart of Mary, we pray that You keep us committed and dedicated to our mission and identity to serve the Church and the community as we become living witnesses to the Gospel values proclaimed by Jesus. For if we are steadfast in our good and beautiful mission, our works will bring success not only to ourselves/ but also to those whom we are bound to love and serve.

Inspired by Saint Louis our Patron Saint, who was filled with a noble spirit that stirred him to love You above all things, may we also live believing that we are born for a greater purpose and mission as we dwell in your presence all the days of our life.

Grant all these supplications through the intercession of Mother Mary, and through Christ our Lord. Amen.

SAINT LOUIS SCHOOL HYMN

Let's all sing a song
Gay and cheerful
Bursting forth from our young
And joyous hearts.
For our life is so bright
For we study right
We choose a smile for our part.
Here we are learners of St. Louis
That is why we are so proud
We'll always stand in defense of it
For it makes us brave and fit.

CHORUS:
Training our body and mind
That in this school we find
Bright future smiles on us;
Let's be ready, thus
We'll deserve well of our land
Go ever hand in hand
For God and Country's sake
This is the PLEDGE we make.
